ABSTRACT

Heritage shop houses can be seen on its architectural fabric. Heritage shop houses can be as a landmark for the some cities in the world. Mostly shop houses are double-storey. For the first floor the structure are being made from the timber and for the ground floor the structure are from brick. Perak is one of the states that have a lot of heritage shop houses that are already being gazette by local authority. The aim of this study is to investigate an awareness of building's owner to maintain the heritage shop houses. The objectives of this study are to study about the architectural style for heritage shop houses, to identity the current condition of shop houses facade and also to know an awareness of building's owner to maintain the heritage shop houses facade. Methodology that applied in this study is quantitative method by distribute the questionnaire survey to the selected lane that have gazette shop houses at Ipoh, Perak area. For the recommendation procedure to know an awareness of building's owner to maintain heritage shop house using the observation based on the data that get from the questionnaire.

ACKNOWLEDGEMENT

I would like to thank Allah S.W.T for giving me a chance to complete this thesis. To finish this thesis, there are lots of things that need to be done. Many people help me in finishing this thesis completely within the given time. So, in this acknowledgement, I want to show my appreciation and gratitude to them.

I want to give big thanks to my supervisor, Sr Puan Mariaty Bt Mohd Bahari. It is because she is the person who helps me a lot in making this thesis. She guides me on how to make a good thesis. Unequalled guidance, encouragement and advice that had been given by her to me make me finish this thesis within the given time.

In this opportunity, I want to give thanks to my parents because they also give a lot of support to me. Whether in form of money or moral support, they encourage me to finish this thesis without any hiccup.

My fellow friends Asma, Adha, Amani, Aisyah and Amirul that help me directly or indirectly also help me in finishing this thesis. I would give thanks to them. They help me by helping me distribute the questionnaires to the respondents and give tips on how to analyze the collected data.

Lastly, I also want to give thanks to all people that I did not mention above that give their hands to me. They all deserve my sincere gratitude from the deep of my heart.
