Acknowledgement

In the name of Allah s.w.t Most Gracious and Merciful, peace and blessings be upon the noble Prophet Muhammad, his family and his companions who had valiantly. All thanks to the Almighty for permission and divine mercy allowed me to finish this industrial training program and completed the writing of this report.

First of all, special thanks to the Director of Universiti Teknologi Mara, Industrial Training Unit Supervisor Department of Building surveying, as well as university professors in the department of encouragement and support given. And gratitude to IR Balamurugan A / L Gopal as District Engineer Hulu Selangor Public Works Department for accepting me to undergo this training at a large industry.

I also wish to express my deepest gratitude to En.Safri bin Karim as a Civil Engineer (Building) and Mr. Suhaizat bin Sauti as Civil Engineer (Road). This has been maintaining, educating and providing guidance to me throughout yesterday. Do not forget also to other employees like Mrs. Renuka A / P K.Kanniah (Assistant Engineer), Mrs. Shima Fazatul Abd.Khalid bt (Assistant Engineer), Mr. Aizat (Technician), Mr. Lutfi (Technician) on a willingness provide tutoring and guidance to me in carrying out my duty and help resolve any problems encountered during the practice session this industry.

Finally do not forget also I want to thank you both for my parents as well as students of the Polytechnic and State University who also make practical training in the same department as often inspired and credible proposal to me.

Thank you.
