## ABSTRACT

This study aimed to identify the understanding on Islamic inheritance among students Bachelor of Muamalat UiTM, Shah Alam. 75 students were selected to be the respondent in this research. The researcher using the method descriptive analysis in determine the result. This study chose the quantitative research methodology in which a set of questionnaires which consists of 23 items that were divided into 5 different sections was used as the research instrument. The objectives in this study, firstly, to identify the level of understanding on Islamic Inheritance among students Bachelor of Muamalat UiTM Shah Alam. Secondly, to examine student's perceptions regarding the importance of Islamic Inheritance in life. Lastly, to analyse the differences level between understanding and students' perception on Islamic Inheritance among student Bachelor of Muamalat UiTM based on gender. The researcher found that the mean level of understanding on Islamic Inheritance among students' is at a high level of 4.15 and mean for the students' perception regarding the important of Islamic Inheritance in their life is also at high level of 4.57. But for the practice of Islamic Inheritance the finding indicates that majority of respondents still lack of understanding.

## ACKNOWLEDGMENT

### BISMILLAHIRRAHMANIRRAHIM

Praise be to Allah SWT, peace and blessings be upon the Prophet Muhammad SAW. Alhamdulillah, to the utmost gratitude of Allah SWT for my permission and bounty, I can complete this study. All praise and thanksgiving to Allah SWT who has provided health, strength, and patience in completing this scientific study to meet the graduation requirements of the Bachelor in Muamalat.

Thank you very much to Ustazah Mastura Binti Razali as my supervisor to provide guidance to me as long as her is under supervision. Also, thanks to the lecturers at the Academy of Contemporary Islamic Studies for all the advice given to me.

Also, thank you to my lovely family members, especially my parents, Mohd Rozali Bin Muda and Rospaniza Binti Che Mat, who have been support my success and giving moral support, money and strength so that I can complete this research.

Thanks to my friendly colleagues who always give encouragement and enthusiasm and thanks to all those who donate assistance either directly or indirectly. May Allah SWT repay and give infinite rewards to all who have been involved. Of course, your service can not be forgotten.

Finally, I request millions of forgiveness if there is any confusion in understanding the writing that has been submitted. Indeed, all that is good comes from Allah SWT, and any error or mistake found in this writing comes from my weakness.

Wallahu'alam.
