Academic Writing Title : The Practices of Financial Governance In Malaysian Accountant General's Department, Putrajaya : An Analysis From The Perspectives of Maqasid Shariah

Signature of Student : 

Date : July 2018

## ABSTRACT

Financial Governance that expose to help in their knowlegde to improve their standard of life. It develop an awareness of industrial approach to problem solving, based on broad understanding of process and mode of operation of organization. The purpose of the study is to know the financial governance management through the method or element that have been used. This research is done at Accountant General's Department of Malaysia, Putrajaya that I was stated in industrial training for 4 month. The oucome of this research shows that the financial governance management have a good method and elements in its activities through prepare on Budget 2019, management of budget in accounting anf financing, supply expenses, liability expenses and development expenses. This research shows that the Accountant General is one of main roles that responsibility to manage and ensure that the financial governance at Accountant General's Department of Malaysia in good and excellent management to gain profit every year. Besides that, the Accountant General's Department of Malaysia have being establish the Badan Kebajikan Perkhidmatan Akauntan Negara Malaysia to all officers under JANM and Accounting Office to their welfare society in better life for them. Therefore, the financial governance management have good impact to expand the Malaysia's economy that relate financing and accounting properly without have deficit impact on government.

## **ACKNOWLEDGEMENT**

First of all, I would like to thankful to Allah SWT for his blessings upon the Prophet Muhammad SAW, his family, his companions and again to Allah SWT because I can also complete my report on the practice this industry has been entrusted to me exactly at the time that has been given. Alhamdulillah thanks to efforts and cooperation from all parties. I would also like to express my sincere appreciation and thank to my research advisor Dr. Mohd Faiz Bin Mohamed Yusof for his guide and advises. His willingness in guidance me along the way in completing my research is what I thanked for. The idea and suggestion from him really contribute a lot in my research. Besides, thank you to my second advisor Encik Shah Arfizan Bin Mohd Yusoff at Accountant General's Department of Malaysia (JANM) who has giving me the information and data in completing my research. Most importantly, I dedicated this research to my beloved parents especially my mother for always by my sides im times of high and down in my life. Her helps, support and love, I could not ask anything else in this world. Last but not least, I would like to thank my friends that involve directly and indirectly along the way as we share the time, problems and experience together.
