Creating Stamps

ADOBE ACROBAT PRO DC

Step 1:

Prepare your image

- Download an image from the internet or draw one.
- Ensure the image is in JPEG or PNG format.
- If you want to remove the image background, you can do it at <https://www.remove.bg/>

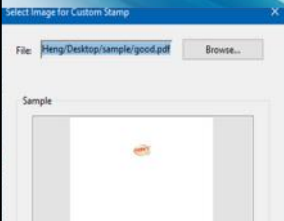

Step 2:

Prepare your PDF file

- Create a blank PDF file.
- Insert your desired image into the PDF file by clicking **Edit PDF > Add Image**.
- Resize the image.
- Save the PDF file.

Step 3:

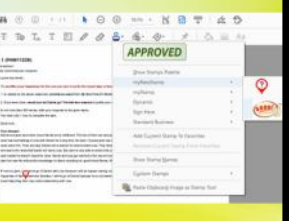

Prepare your stamp

- On the Comment toolbar, click **Add stamp > Custom Stamps > Create**.
- Click **Browse** and select the PDF file you created in Step 2. Click OK.
- Type in or select a Category name.
- Type in the Stamp name. Click OK.

Step 4:

Using your stamp

- Click **Add stamp** and select the stamp category and then your desired stamp.
- On the PDF assignment, click where you want to place the stamp.
- You can also use **Ctrl+C** to copy an existing stamp and **Ctrl+V** to paste a copy of it.
