GENERAL INTRODUCTION

A business plan is a formal statement of a set of business goals, the reasons why they are believed attainable, and the plan for reaching those goals. It may also contain background information about the organization or team attempting to reach those goals. A business plan is very important in an organization in order to have effective and efficient controls over the flow of the business organization. Business plan is also known as a working paper, business proposal, project paper or prospectus.

PURPOSE OF THE BUSINESS PLAN

This business plan is prepared to be a guideline. It is also an evaluation from outside to convince them about stability of our shop.

Besides, business plan can be guideline to a new entrepreneur who interested involving or starting the same business. Furthermore, this business plan can be guide to our shop to manage our business more efficient and systematically, this is because the long term plan can be more properly and able to distribute business resources more effective. On the other hand, we can practice our knowledge and idea among our member that involve-in this business.

The business plan is prepared for various reasons. Among the main reasons are:

1. To evaluate the project viability and growth potential

From business plan, all of the factors that influence will be considered. Therefore, our company will run efficiently and achieve the maximum profit because lake of mistake.

2. As a guideline in Golden badminton Centre operation

The business plan consists of our target and strategies. Therefore, business plan is importance guideline in our daily operation. In addition, it can be a reference for us on anytime.

3. High Demand for sports centre from customers

As we all know, customers will always looking for sports and recreation to keep fit. Customers will always come to sports centre or gym every day after their working time.

4. Limited Sports Centre available

In Kuching, they were limited of sports centre that covered up all of people all around Kuching. Most of the sports centres are far, and hard to find. This way, customers will not have a hard time in searching for sports centre again.

5. Sports in a healthy way to keep fit and exercise and therefore it play important role to everybody

> Sports are always a good way to keep fit and to keep healthy. People tend to forget that health is the most important thing aside from money.
