## Junaidi Awang

### Feelings

The artwork is about the excitement in compulsion, an interpretation of the rhythm of movement, the eruption of ideas that represents experience, mental emotions and physical emotions.

It also represents the overlapping of feelings, the journey of feelings, the expression of feelings and emotions as well as the sorrow and joy in the human heart and mind. In a world made of iron and stone, humans are capable of destroying it. If you are strong you will feel the strength burning inside of you and that will spark excitement. It is up to you to let go of it or forget about it, you must feel it from the bottom of your heart and mind which are the determinants of physical motions.
