A Dialogue with Sacred Lotus

A dialogue with sacred lotus is an illustration representing power within a fragile body. It resembles a woman's radiance, a mother or a female figure as being resilient despite undergoing difficulties in life and all harsh surroundings.

Lotus flower is known to grow out of the muddy water, but in the end, gracefully emerged onto the surface with exquisite pureness. Untouched by mud, it is born in. Dirt is unable to manipulate the colour of each gentle petals. It somehow indicates the strength, the energy of not getting influenced by the water condition. The sacred lotus signifies renewed bloom that surfaces filled with purity; the softness that gives a calm vibe and its form is purely exquisite. Each day is like a whispered mantra, sacred lotus sends a message of how we, human, man or woman, should not be impressed by the situation or people's words against ourselves.
