ACKNOWLEDGEMENT

In the name of Allah the Almighty, the most Beneficent and the most Merciful, I would like to express my deepest sense of gratitude to Him that I can manage to complete this practical training report completely. During preparing this practical training report, I would like to take this opportunity to extend my gratefulness and appreciation to the people who directly and indirectly involved during my practical training.

First of all, I would like to give my appreciate to my supervisor Madam Zuraihana binti Ahmad Zawawi and also my practical coordinator, Sr. Mohamad Ridzuan bin Yahya and Sr Mohd Faisal bin Baharudin for their guidance, assistant and full commitment that they have given to me throughout my practical training.

Furthermore, last but not least that I would like to express my sincere thanks, deep from my heart to En. Irwan bin Jamaludin, my supervisor of Building Department at Ipoh City Council, and other staff for giving their advices, support and taught me about industry and also help me in order to complete this report.

Thanks for being my inspiration.

ABSTRACT

To start all the building work carried out should meet current building codes and regulation requirements. Building Control Service ensures that buildings are designed and constructed in accordance with the Building Regulations and associated legislation.

The case study that I have been chosen was the process and action on buildings without the approval of the Ipoh City Council. To establish a building, the applicant shall submit the plan and follow all procedures required by any law and Street, Drainage and Building (Act 133). The authorities will take action if found any building start or establish building without approval.
