ACKNOWLEDGEMENT

I have taken effort to complete in this report. However, it would not have been possible without the kind support and help of many individual and organizations. I would like to extend my sincere thanks to all of them.

I would like thanks to Kota Tinggi District Council for for giving me chance to work with them for 4 months. It is very priceless to give new experience for me in the real working environment in the future.

A special thanks to my supervisor is Sr Norehan Binti Mohd Noor for the lesson that her given to me how to manage input on my report and to settle down this report. Thank you my employer Tuan Haji Esa Bin Abu Bakar, Encik Aimi Bin Abd Rahman, Encik Norazman Bin Alimi, and all staff in Kota Tinggi District Council whose help, stimulating suggestions and encouragement helped me to coordinate my report especially in writing this report.

Besides that, I also like to express my gratitude towards my parents who have given a lot of moral support and encouragement. Also not forget to all my classmates that give me information about this report and help me to complete this report successfully. Thank you for all support and encouragement from all of you.

Thank You Very Much for all of you. May Allah bless all of your willingness to help me.

ABSTRACT

My final project study is located at Kota Tinggi District Council, Kota Tinggi, Johor. I choose building plan approval for plan of earthwork, street and drainage. The purpose the final project is to fact-finding analysis and investigative through scientific analysis and qualitative related on my syllabus. Besides, I also to study investigate the current practice of plan approval in Plan for Earthwork, Street and Drainage in Kota Tinggi District Council and to observe the process in application and approval Plan of Earthwork, Street and Drainage.

Approval is very important to ensure that no construction work is carried out before get the approval from Kota Tinggi District Council. For getting the approval, applicant needs to complete all documents that have been set by Kota Tinggi District Council related types of application.

I also know about the process of approval building plan for earthwork, street and drainage plan. The process of building approvals showed that how a plan can be approved by Kota Tinggi District Council. In Kota Tinggi District Council, two agencies technical that involved to approved the plan. The technical agency is Engineering Department and Landscape Planning and Development Department.
