ACKNOWLEDGEMENT

In the name of Allah the Almighty, the most Beneficent and the most Merciful, I would like to express my deepest sense of gratitude to Him that I can manage to complete this practical training report completely. During preparing this practical training report, I would like to take this opportunity to extend my gratefulness and appreciation to the people who directly and indirectly involved during my practical training.

First of all, I would like to give my appreciate to my supervisor, Sr. Amir Fasha bin Mat Isa and also my practical coordinator, En Nor Amin Mohd Radzuan and Sr. Mariaty binti Bahari for their guidance, assistant and full commitment that they have given to me, throughout my practical training.

Furthermore, last but not least that I would like to express my sincere thanks, deep from my heart to Dato Haji Mohd Yusof Bin Haji Ismail the director manager of Usima Sdn Bhd and staff of Usima Sdn Bhd for giving their advices, support and taught me about industry and also help me in order to complete this report. Thanks for being my inspiration.

ABSTRACT

Earthwork is one of important stage in construction . All the process from the site clearing and the final stage of earthwork must follow the specification from Jabatan Kerja Raya . Any non conformance product that given by contractor will be noticed by JKR .

The site of Sekolah Menengah Kebangsaan Agama Jerlun is the site of former paddy field and it contain of unsuitable soil material . So the contractor must remove all the unsuitable soil material to another dump . The soil imported from the quarry also must be approval by JKR . The types and characteristics also must suitable .

Before the imported filling transport to our site , the contractor must get the permission from local authority which is Pejabat Tanah Daerah . The approval from Pejabat Tanah Daerah will proceed our back fill work and the imported soil can be transport .

All the machineries and lorry must work well so that our work can run smoothly .The safety on site also must be focus. Toolbox meeting which is conduct by site safety supervisor must be attend by all the labour .
