ABSTRACT

The higher education sector in Malaysia is under the jurisdiction of the Ministry of the Higher Education (MOHE). Various Malaysia's higher educational institutions currently house an estimated 942,000 students of which about 50,000 are international students from more than 100 countries.

Besides providing a good high educational standard, at a relatively low cost, in Campus University facilities were also one of the factors influencing people including foreigners to choose which universities they will go to. Facilities provided by universities are among important factors for user needs and comfort.

The demand for facilities has been increasing due to the rapid growth of the educational system and in particular, the increasing number of students and staffs in one university. The increasing demands for the facilities will effects individuals, communities, and system inside the university.

This study examines some of the facilities provided within educational institutions especially within a university campus and evaluates the perceptions of student regarding the facilities provided by universities management.

Result of the study shows the type of available facilities at selected area of study where are UiTM, UKM, UM and UIAM are most likely but the perception of students different to each other.

ACKNOWLEDGEMENT

In the name of Allah, Most Gracious, Most Merciful

Alhamdulillah and a lot pray to Allah (S.W.T), The Almighty for providing me the time and efforts in completing this final year dissertation for session December 2008 - April 2009 in time. Without the God blessing I would not be able to complete this dissertation.

Deepest credit should be honored to my lecturer, Sr. Ghazali Bin Mohd Amin for his guidance, advices, ideas, comments, supports and encouragement in completing this dissertation successfully. Thank you for your help which is priceless and nice to work with you.

A great appreciation and million thanks to whole my beloved family especially my parent for being there for me and for their sacrifices, prayers, supports and encouragement in pursuing my aim. The success of-the whole undertaking is theirs as much as mine.

A great and million thank should be extended to all beloved friends from UIAM, UM, and UKM who were kindly helping me in whatever way, the sacrifices that you all did will never disappear in my mind and not forget to those
