ACKNOWLEDGEMENT

Assalamualaikum Walhamdulillah. Grateful for this report successful completion within the time appointed.

Sincere thanks are extended to all the staff of the Development Department, University Science of Malaysia (Health Campus) Kubang Kerian to their sincere guidance during my practical training and sharing of expertise in engineering theory.

I want to thank my supervisor, Mr. A. Ramazi Bin Che Hamzah as Assistant Engineer in Development Department of University Science of Malaysia taking the time to provide guidance for me to feel a real sense of the workforce in the sector of engineering and maintenance. I also want to thank the entire staff of the Civil Engineering, assistant engineer En. Mohd Taufik bin Zakaria, En. Mohd Fadhly bin Zainuddin, En. Ikhwan Johar , En Mohd Alalaudi bin Abdul Rahman, and En. Wan Anuar bin Wan Dagang for guiding me to complete this industry practice.

I would like to express my gratitude to Mrs Mariaty binti Bahari (Building Surveying Lecturer) as my university supervisor for her positive attitude showing the correct method and give little guidance to me.

Lastly, I want to apologize to all the unnamed who have helped me in various matters directly or indirectly, in preparing this report.
