ABSTRACT

Bundle is a number of things that bound together, like a bundle of clothes or something wrapped or tied for carrying, package. In Malaysia, bundle is known as secondary product which has been used many times before they sell it to the buyers. But this project put more focusing on bundle vintage that sell branded fashion items that aged 20 years or more. This project is to proposed new interior design of Buntil retail at at Lot P.T No.7, Batu Tiga Federal Highway, Mukim Damansara, Daerah Petaling, Selangor. The aim of this project is to identify and study the operation, services and suitable concept that has been applied to give the customers a new side of view to the vintage bundle concept. The objective of this project is to produce space with the new experience, new appearance of the displays, and proper spaces for specific activities. Besides, can create a new concept for the Buntil retail. Study method has been applied during this research consist of research information about the client, process design proposal, concept, image, space requirement and project conclusion. The concept applied in this project based on research been done and all the collection of data. To make it suit to the interior the style also need to be clear and can be combine with the concept. For conclusion, this project has its own credibility to achieve the standard of Malaysian need even it is still new to the Malaysian market.

ACKNOWLEDGEMENT

Bismillahirrahmanirrahim

Assalamualaikum w.b.t

I am very grateful to Allah because of the strength and grace had been given to me which helped me in completing my report for this final project. So let me complete my task successfully. Here also I would like to thank the lecturers who are involved directly or not in my efforts to complete my assignments especially to INA 396 course coordinator, Mr Abdul Hamid Mohamed, supervisor of my report, Mr Nazrul Helmy Jamaludin and all the subject lecturer INA 361, Ms. Noor Faiza Rasol, Dr. Norhasandi Mat, Mrs. Suziyanti Matori, Mr. Muhammad Afzanizam, and Mrs. Azizah Md Ajis for all the advice and guidance and contribution of their energy in the process for me to complete my final project. They have a lot to give encouragement, support and contribute ideas to help me complete this task. I also do not forget to express my deepest gratitude to my main driver of both my parents a lot of encouragement in terms of mental and physical and financial support and pray for me. Finally, I would like to thank my fellow colleagues here as much help and courage to learn how to face many challenges in my completing my final assignment. Thank you.
