ACKNOWLEDGEMENT

Assalamualaikum w.b.t, first of all I would like to thanks to Allah S.W.T because with His bless finally I can finish my assignment due on time. Not forgotten thanks to my supervisor lecturer, Mr. Hasnan bin Hashim without his lesson that given to me, I cannot manage and settle down this assignment. Perhaps, without his guide I cannot do this job as well as now. Next, also thanks to *Jabatan Kerja Raya (JKR)* Negeri Perlis, especially at Building Maintenance Department's staff and my supervisor, Mrs Siti Ramlah binti Abdul Rani that gives me full cooperation which always makes my job become easier. To all of my friends that helps me when I am having some problems on my way to create this assignment.

In addition, during finding the case study that I want to do this assignment, the problems always comes. I feel so thankful to the staff at Building Maintenance department because always help me to find out the information about the case study that I have choose.

With the supported from my lecturer that show me the way, friends are expert in computer that helps us how to make the piece of paper interesting, I solve the problems easily. To get the information I had to go to the files room and make some revision there and also use the internet to find out about the information.

ABSTRACT

Jabatan Kerja Raya Perlis was appointed to handle the project from Kementerian Dalam Negeri (KDN) which is about the upgrading and repairing works for the quarters under the federal government. I have chosen the Immigration Quarters Padang Besar, Perlis to be my case study. The quarters is one of the quarters owned by the federal government at Perlis.

This project will be carrying on starting April and now it still the quotation process. The project will involve about the whole quarters area and including the defects that occurred on the quarters building. The process of inspection will be follow the building condition assessment which tell from the beginning inspection until the end.

This project is really related to the building survey field which it is make it more essential for the condition of the building. Besides that, we can acknowledge the new experienced about the inspection works with the real situation of works at Jabatan Kerja Raya Perlis.
