ACKNOWLEDGEMENT

Assalamualaikum W.B.T

First of all, I would like to express my thanks and gratitude to Allah S.W.T for His Guidance. Alhamdulillah, Practical Training has been successfully completed with the inspiration, blessing and guidance by Him. I would also like to wish to thank my supervising lecturer, Madam Zuraihana Binti Ahmad Zawawi for lending a hand in completing this project, he also have given me some information regarding our process for preparing this report and for willingly to spend their time to check on progress report. Madam Zuraihana also have given me a lot of their opinions and views on this practical report. Other than that, I would like to thank the supervisor Bahagian Senggara Persekutuan Negeri (JKR) Pn. Rahmah Binti Abd Halim, and also the staffs that helped and given me the assistance needed in proceeding with the practical training at the company. Last but not least, we also want to thank my parents who always give the supports and motivation that are needed to complete this report. Other than that, I would like to dedicate my heartfelt appreciation to my friends who have given their assistance during the completion of this practical report.

Thank you.

ABSTRACT

This report explains is how the maintenance works in federal roads has been maintained. Road maintenance purpose carried out is to ensure road surface and environment roads that always give drive comfortable and safe. To ensure structure of the road has sufficient strength to support a load of traffic and also to recover the route immediately in the event of unexpected occurrences like landslide and so on. The privatization agreement maintenance of federal roads has determined that maintenance of federal roads is carried out by the concessionaire and the scope of work which includes maintenance routine, scheduled maintenance and emergency maintenance.

This report also divided into six chapters that starting with company profile. Then it follows with literature review about the maintenance works by Bahagian Senggara Persekutuan Negeri Sembilan (BSPN). After that the cases study during practical training. Then problem and recommendation follow by conclusion and lastly references.
