FACULTY INFORMATION TECHNOLOGY AND QUANTITATIVE SCIENCE

APRIL 2007

## **ABSTRACT**

**IIC** Tan Sri Sanusi Junid Library is one of the most important organizations in International Islamic College. Its function as the gateway of knowledge providing lecturers and students with all-the needed books is without doubt very important.

However the problem in the decision making for books procurement has been the problematic factor especially choosing the best books based on the budget for library. The development of the decision support system framework for books procurement is hope to be the starting factors for the full development of the complete systems.

**Keyword:** decision support system, critical success factors.

## **ACKNOWLEDGEMENT**

I would like to express my appreciation to my supervisor, Assoc. Prof. Zaidah Ibrahim for her guidance and advices. She had shared a lot of valuable information, knowledge, and skills and sincerely helped me throughout the journey to complete this research. Your generous commitment will be always in my heart. Special thanks go to Miss Edzreena Edza Odzaly, Chief Librarian of International Islamic College Library for granting me her valuable time to conduct my interviews successfully. Last but not least, I would like to record my gratitude to all my friends especially my classmates and colleagues for the knowledge and memories we shared together. Good luck and all the best for our future undertakings.
