ACKNOWLEDGEMENT

In The Name Of Allah, The Most Gracious And The Most Merciful. I am grateful to Allah s.w.t. for giving the opportunity to complete my final year project. With the cooperation of many parties, and many long nights, this project was successfully carried out on time.

First and Foremost, I would like to take this gold opportunity to thank everyone who has helping me in providing all thought and insight on "Interactive documentary of Islamic holy places related to hajj through multimedia approach". I would to express special gratitude to my supervisor Encik Syamsulhairi bin Yaakop who is very kind and good advice and suggestions in guiding me throughout the completion of this project.

Also specials thanks to Pn Hajjah Jamilah binti Hashim, the Director of Publication Tabung Haji Kuala Lumpur and En. Hj. Roslan bin Jonet, the Administration Supervisor, Tabung Haji Melaka for their willingness to help, cooperation for valuable information provided for this project.

Last but not least, this gratitude is forwarded to all my lecturers for their teachings and knowledge sharing. Thank you to my friends for their participation either directly or indirectly in sharing their ideas and information The kindness cooperation from all of you will always be remembered. May Allah bless all of you.

ABSTRACT

Project of documentary has become interactive which five element of multimedia such as video, audio, animation, graphic and text are integrated in one platform. The documentary is about Mecca and Medina are two Islamic Holy Places that related to Hajj therefore the project are created which are focuses on Masjidil Haram at Mecca and Medina. The project covered history and background of the places. The project created for publics especially for pilgrims. The objectives in created the project are to study the holy places of Mecca and Medina and to make the documentary interactive and attractive. Some methods are used in created the project such as interview, study from literature review, surfing Internet, getting the information from books, magazines and journals, and also from the current video CD. The project is delivered in DVD-ROM format.
