ACKNOWLEDGEMENTS

**With the name of Allah the most Gracious, the most Merciful creator,
I seek His Blessing on His Prophet Muhammad s.a.w**

All praise and glory be to Allah S.W.T whose infinite generosity has given me the strength to complete this final year project in time.

My sincere gratitude, thanks and most appreciation goes to Cik Rosdiana Abd. Razak as my supervisor, Puan Jamaliah Taslim and Prof.Madya Rashidah Rawi as my thesis coordinators for their guidance, encouragement, comments and references. They are very generous person that give strength to finish my final year project.

I would also like to express my grateful thanks to all my colleagues for their opinion, suggestion and cooperation they gave. Also thanks for their morale support during the months I spent preparing this final project.

To my beloved parents and family, who are always there for me whenever I need them and millions of thanks for all the supports, blessing, loves and financial support they give to me. Finally, to whom I failed to mention, who directly contributed to this project. Thank you very much.
