## ACKNOWLEDGEMENTS

*"In the name of Allah, the Most Gracious and the Most Merciful, Peace be upon the Holy Prophet, Muhammad S.A. W."*

I would to thank to Allah Almighty for giving me his blessing in completing this project. Without his consent, I would never have completed anything.

This research project would not have been possible without the support of many people. I would like to express my gratitude to my supervisor, Dr. Wan Adilah Bt Wan Adnan who was abundantly helpful and offered invaluable assistance, support and guidance. Deepest gratitude is also due to my coordinator, Pn. Jamaliah Bt Taslim without whose knowledge and assistance this study would not have been successful.

Special thanks also to all my graduate friends, especially my classmates for sharing the literature and invaluable assistance. I would wish to express my love and gratitude to my beloved families, for their understanding & endless love, through the duration of my studies.

Thank you.

<b>LIST OF TABLES</b>	<b>ix</b>
<b>ABSTRACT</b>	<b>x</b>
<b>CHAPTER 1: INTRODUCTION</b>	
1.1 Research Background	1
1.2 Problem Statement	3
1.3 Objectives	3
1.4 Scope of Project	4
1.5 Significance of the Project	4
1.6 Organization of Report	4
<b>CHAPTER 2: LITERATURE REVIEW</b>	
2.1 Introduction	6
2.1.1 Mental Budgeting	6
2.1.2 Types of Accounts	7
2.2 Difficulties in Single Parents Household	9
2.2.1 Welfare Distribution in Single Parents Household	9
2.3 Housewives Injustice	10
2.3.1 Insufficient Allowance Distribution	10
2.3.2 Household Bargaining Power	10

2.4	User- Centered Design (UCD) Methodology	11
2.4.1	Usability	13
2.4.2	Analysis Tools used in UCD	14

### **CHAPTER 3: METHODOLOGY**

3.1	Introduction	16
3.2	Project Approach	16
3.3	Research Plan / Framework Phases	18
3.3.1	Planning	19
3.3.2	User Requirement Analysis	20
3.3.3	Design	21
3.3.4	Evaluation	22

### **CHAPTER 4: RESULTS AND FINDINGS**

4.1	Introduction	23
4.2	Interface Design Prototype	23
4.2.1	Low-fidelity Prototype	24
4.2.2	Medium-fidelity Prototype	26
4.2.3	High-fidelity Prototype	28
4.3	Task Analysis	30
4.4	User Requirement Analysis	33
4.4.1	Interview	33
4.4.2	User Profile	35
4.4.3	Persona	36
4.5	Hardware Requirements	37
4.6	Software Requirements	37
4.6.1	Apache Web Server	38

# **HOUSEHOLD BUDGETARY MANAGEMENT SYSTEM FOR SINGLE PARENTS AND HOUSEWIFE**

## **ABSTRACT**

Nowadays, people are unaware of the financial issues that have struck the community. Furthermore, the instability in economics and also price changes may influence the income of the society. Malaysians are also experiencing a lot of increases in food and petroleum prices nowadays. Therefore, it is important to understand how far people spend their money wisely in a situation of global economic changes. To resolve the problem, a Household Budgetary Management System was developed with the main purpose of helping the Malaysian communities' especially single parents and housewife which have difficulties in keeping track with their household budget. There are three main objectives for this research which are to identify the key elements and activities involved in budgeting, to map UCD to the design of a household budgetary management system and to develop a household budgetary management system. This project uses the User-Centered Design (UCD) methodology which the user is the main focus and actively involves in each phase throughout the whole process. By developing this system, it will help single parents and housewives to manage their financial systematically. Therefore, it can be concluded that this project assist the user in financial issues and keeping track with their household budget.
