## **ACKNOWLEDGEMENT**

Alhamdulillah, praise and thank to ALLAH s.w.t because of His Almighty and His utmost blessings, I was able to finish this research within the time duration given. Firstly, my special thanks go to my supervisor, Pn Siti Arpah Ahmad because she is the one who guide me and correct my mistakes while completing the research. She also gave me an advice on how to make the research and how I will make the research happen in the near future.

Special appreciation also goes to my beloved parents that support me to finish the research. Without their support and advises I may not completed this research because lack of morale during the research. Because of them I got my spirit back to finish this research.

Last but not least, I would like to give my gratitude to my dearest friend for helping me doing a research and changing ideas during the research. Without their help I may not getting and ideas how to continue my research and cannot reach my objective.

## **ABSTRACT**

The purpose of Quran Reading Class system implemented was to help the staff of Fadilah's Quran Reading Centre in managing their attendance and reading progress system. First of all, the staff or parents will register their parents and their kids who going to attend the class name inside the system. Then the staff will manage the attendance of the kids monthly. The number of days the children attend, absent, sick and other reason they did not attend the class are calculated monthly. As for the reading progress, the staff will insert the details regarding what book, surah, sentence, and page did the student reads. The information of the both attendance and reading progress can be view by every parents if and only if they registered inside the system.
