UNIVERSITI TEKNOLOGI MARA

A DESIGN REQUIREMENT MATRIX USING PLAY STATION PORTABLE (PSP) BASED LEARNING FOR PRESCHOOL CHILDREN

NURHAFIZAH BINTI AHMAD ZABIDI

Thesis submitted in fulfillment of the requirement of Bachelor of Science (Hons) Information System Engineering Faculty of Computer and Mathematical Science

November 2009

ACKNOWLEDGEMENT

First of all, I want to thank to the almighty god for giving me the courage and strength to complete the research successfully. I also would like to express my appreciation to all individuals who has assisted me, whether direct or indirectly. Special thank to my supervisor Dr. Fariza Hanis bt Abdul Razak that willing to supervise me, give her guideless also motivation in order to successfully complete this research. It has being a wonderful time to gain knowledge and experience toward completing this research. Very thankful to my thesis coordinator, Madam Wan Nor Amalina bt Wan Hariri and Prof Rashidah bt Rawi which are the knowledge that have been given all along this semester.

I was very thankful to both my parent Mr.Ahmad Zabidi b.Jaafar and

who are give their fully support in helping me completing this research. Whether physical and spiritual, I appreciate it so much,

Last but not least, thank to my entire friend who are helping me, give an idea and comment about my research .Thank you.

ABSTRACT

English language is important for educational, cultural, personality, economic and political reasons. Learning about Play Station Portable (PSP) features, PSP can be used as a tool to help improve in learning English. However, learning English need to be taught in the suitable ways. This research aims to understand how PSP can be used to help preschool children learn English .This research employed several data collection techniques such as reviewing relevant literature review, interview and observation. This data later have been analyzed to help achieve the research objectives: to identify the features of PSP in learning English, identify the type of English learning with PSP, to gather the PSP learning design requirements and to produce a design matrix based on PSP learning requirements that can help PSP designers design for children experience. Significant of the research is to help the designer design PSP learning for preschool children.

TABLE OF CONTENTS

APPROVAL	**ii**
DECLARATION	**iii**
ACKNOWLEDGEMENT	**iv**
ABSTRACT	**v**
TABLE OF CONTENTS	**vi**
LIST OF TABLES	**ix**
LIST OF FIGURES	**x**
LIST OF APPENDICES	**xi**
CHAPTER 1 INTRODUCTION	**1**
1.0 Introduction	1
1.1 Research Background	1
1.2 Problem Statement	2
1.3 Aim	2
1.4 Objectives of the research	3
1.5 Significance of research	3
CHAPTER 2 LITERATURE REVIEW	**4**
2.0 Introduction	4
2.1 Learning	4
2.1.1 Types of learners	5
2.2 Preschool children	7
2.2.1 Preschool Thinking and Learning	9
2.3 The way children learn language	11
2.4 Play Station Portable (PSP)	12
2.4.1 There are three characteristic of PSP	14

2.4.2 The features of PSP 15
2.4.3 Advantages of handheld devices 16
2.4.4 Disadvantages of handheld device 17
2.5 Game based learning and gaming devices 18
2.5.1 Gaming device for learning 19
2.6 Use of Games 20
2.7 Observational techniques 22
2.8 Summary 23
CHAPTER 3 RESEARCH APPROACH AND METHODOLOGY 24
3.0 Introduction 24
3.1 Research approach and methodology 24
3.2 Problem identification & planning 26
3.3 Data gathering 26
3.4 Requirements Analysis 27
3.5 Design 28
3.6 Summary 28
CHAPTER 4 ANALYSIS AND FINDINGS 29
4.0 Introduction 29
4.1 Findings 29
4.2 Objective 1: to identify PSP features that can be used in learning English. 29
4.2.1. The list of PSP features 29
4.2.2. Identify features that can be used in learning English 30
4.2.3. The following table illustrates how the PSP features can be used in learning English 30
4.3 Objective 2: To identify the types of English learning with PSP 32
4.3.1 The list of type of English learning 32
