Faculty: Faculty of Architecture, Planning and Surveying

Management is essential in daily life. It's fundamental in everything. Without good management, it's not easy to achieve the desired result from efforts. Good management will lead to the best result.

Hence, this dissertation will solely focus on the maintenance management practice by corporate companies. This study will highlight UMW Corporation and Kumpulan Karangkraft Sdn. Bhd as a case study. The objectives of this study are to investigate the maintenance management program on case study Company, to investigate on maintenance management system practiced by UMW Corporation and Kumpulan karangkraf Sdn. Bhd and to identify maintenance budget on one of the selected corporate company.

ACKNOWLEDGEMENT

Firstly, I'm grateful to the almighty God, ALLAH s.w.t. for making it possible for me to complete this thesis. Don't forget to Prophet Muhammad s.a.w. Salute to him, you is my idol. May ALLAH bless Him.

I would like to express my gratitude to my main supervisor, Sr. Rohimah Khoiriyah Binti Mohd Arifin Harahap for her guidance, advice, valuable comment, suggestion and ideas throughout my study. Without her this thesis maybe not complete.

Aside from that, I would like to thank all of the respondents in UMW Corporation especially Mr. Mohd Zakuan Bin Ahmad Zabidi, who are the professional involve in maintenance management field.

Thank you also to the lecturers, student and friends in UiTM for their help and assistance.

Last but not at least, I would like to thank my parents who always never gave up to me, give me life into this cruel world and always remind me about solah. Love you till the day I die. And also thanks to my two eldest sister which support me with their money and a place to live while studying, my brother who support me with his experience, my younger sister who always lazy at home to study and don't forget to my little cute nephew and niece. Love you all.

May Allah bless of you.
