ABSTRACT

This report is important assessment that must be done by all students in process of getting Diploma of Interior Architecture at Universiti Teknologi Mara. This course is concern about the research on interior, where all students must fulfill all of the assignment based on the observation and research from the sensitive issue and problem that occurred in designing the retail. This report is a proposal of proposed new interior design of National Geographic Store for National Geographic Society Asia at Lot 10, Kuala Lumpur.

This project need full observation on the issue and problem from them to solve the problem in day to come. It is importance for this project to have some reference to make it more proper in making it a friendly and safe for the customer and getting the best design for the store.

ACKNOWLEDGEMENT

Assalamualaikum and very good day to all,

First and foremost, Alhamdulillah and thanks to Allah S.W.T. for He has granted me with the opportunity and chance of completing this typical final design thesis. To be specific, I would like to express my sincere appreciation "To Whom It May Concern".

To my beloved parents and to the course lecturer, Pn. Azizah bt. Md. Ajis, for the guidance and supervision all through this whole project. Next is my thesis supervisor, En. Afzanizam Muhammad, I would like to thank you for your positive dedication and patient towards administering my final project report. As for my dearest studio mates and UiTM Sri Iskandar, Perak, thank you for your support directly or vice versa. It is assured that this project has magnified me with a very brilliant and moving motivation to continue working on something that is out of ordinary and I expect this kind of opportunity would be present in the near future for others to explore and invigilates the beauty of interior architecture. Thank you.
