YEBENG

YEBENG (YB) is a complete family concept footwear chain stores where you can find any types of footwears conveniently since 1982. The good quality at best price to the customers. Currently, have 67 retails across west Malaysia, mainly in Selangor and Kuala Lumpur. For this project, I think this going to make Yebeng is more big and more known to the people because the designs and logo that I have changes to make it more modern and suitable for this new generation and for the family to visit the Yebeng stores.
