## ACKNOWLEDGEMENT

Alhamdulillah, praise and blessing of Allah Al-Mighty for giving me good health of body and mind, strength, patience and ability to complete this thesis project.

First and for most, I would like to thank my supervisor, Puan Norshahniza Kamal Bashah for her guidance, ideas, advices and patience in assisting my thesis from the beginning until the completion of this project.

Special thanks also dedicated to Mr. Azhar Bin Abd Kadir, as the coordinators for giving guidance and advices along the producing of this report.

To my beloved parents, thank you very much because they supported to build a high spirit in me, my friends and other people which give support and contribute to this thesis.

Lastly, my gratitude extends to all individuals who have contributed either directly or indirectly in preparing this research successfully.

Thank you.
