***Abstract*—Finding a certified Halal restaurant and a Muslim-friendly accommodation when traveling may sometimes be difficult as this information is not usually publicized or available online. As such, traveling to unfamiliar destinations may be troublesome for many novices' Muslim travelers. Go Travel application is a mobile app that provides all the information needed by Muslim travelers when traveling for holidays or on a business trip. Nowadays, most application need users to turn on their location setting on their devices if they want to find any information that are related to destinations and it can be inconvenience for them to turn it on and off at most time. Therefore, our application only needs an active internet connection to operate. This ensures that the users can use our application without any problems. Other than that, our users can find all information that they need in one application only, hence this can save their time and energy. Detailed information concerning certified Halal restaurants, the location of the nearest mosque and surau, prayer time, and Muslim-friendly accommodations are loaded in this mobile app. Similar to other mobile travel apps, Go Travel application also allows users to compare prices, make reservations and payments, as well as plan and manage their travel itinerary. This can save time and energy for the travelers as they only need to click on the application to plan for their next trip. This user-friendly mobile application is designed to ensure Muslim travelers are able to travel with ease to any destinations worldwide.**
