ACKNOWLEDGEMENTS

This research paper has been prepared by a group which consists of Fadhli Ab Wahab, Izwan Ariff Ibrahim and Farah Nadiah Zainudin. In the course of preparing this research paper, we owe our greatest thanks and gratitude to many people. We must first acknowledge our immense debt to Encik Sri Rama a/l Subramaniam for being our supervisor who has played a major role in guiding us in the process of coming up with ideas for the project paper. We would like to extend our gratitude to Puan Norha Abu Hanifah for her guidance in helping us in preparing the proposal for our Legal Research and Methodology subject. Our sincere appreciation to Puan Sharifah Azreen binti Syed Hussein, for spending time to share her knowledge on the issues concerned. Our thanks to the staff of the Low Cost Carrier Terminal in giving us information on the terminal itself. We would also like to thank Dr. Irwin Ooi Ui Joo, a lecturer in Faculty of Law, UiTM Shah Alam, for his cooperation and knowledge on carriage by air. Beside that, we would like to thank Puan Asmah Ariff who helped in making sure that we use the correct language in our project paper. Last but not least, many thanks to those who have contributed either directly or indirectly towards the accomplishment of this project paper.

ABSTRACT

This research will discuss on the disabled rights in the Low Cost Carrier Terminal Sepang and the availability of laws governing it. We will study the availability of local laws that confer the rights of access to the disabled people. We will also conduct social and legal researches to identify the real problems. Besides a comparative study between Malaysia, United States of America, European Union, India and Australia will be conducted. Observations in Low Cost Carrier Terminal Sepang will also be done so as to identify the problems that deny the rights of access to the disabled. At the end of the research we will provide conclusion on the recommendations of matters that should be included in the regulation of a low cost carrier terminal and for this matter, issue on cost-implementation needs to be discussed.
