ACKNOWLEDGEMENT

We have been completed this research within one year and there were so many challenging experience that we have managed to go through. To get through the challenges, we had the help of many parties that made this project less difficult. With hope and patience we put in this project, we managed to face the problems and barriers with full commitments. We thanks to God Almighty as He gave us His bless for keep us strong in doing this research.

For our supervisor, Mr. Mohammed Rahezzal Shah Abdul Karim, we are proud to have a supervisor like you and we want to put our big appreciation for all your advices and knowledge given along completing this research. We are very sorry for our weakness along the year of doing this project. And we hope that we can follow your advice and we can stand still for confident and success in our future. Sorry and thank you for everything Sir.

Also thank you to our coursemates and family who willing to sacrifices their time to spend with us and giving ideas and opinion towards this research as we took it into our work until it successfully finish.

ABSTRACT

The corruption among the public servants have been became a wide issue that influence the perception of the public towards the government. The research on the perception of public was conducted to explore the relationship between the influence of media, the job environment and the level of position whether it lead to the corruption among the public servants in the government. The objective of the research is about to study the perception of public towards corruption among public servants and also to determine the factors that associated about the perception of public towards corruption among public servants. The research method for this study is based on the quantitative methods. Self-administers questionnaire will be used as the instruments in data collection. In our research, the sample is the public from the area of Tuaran, Sabah. In our findings, we have find out that there are significant correlation between the perception and the factors that influence the perception towards the corruption among the public servants.

TABLE OF CONTENTS

CHAPTER 1 : INTRODUCTION

1.1 Introduction	1
1.2 Problem Statement	3
1.3 Objective of the Study	4
1.4 Scope of the Study	4
1.5 Definitions and Concept	5

CHAPTER 2 : LITERATURE REVIEW

2.1 Literature Review	
2.1.1 Corruption	6
2.1.2 Public Servant	7
2.1.3 Government	9
2.1.4 The Mass Media	11
2.2 Conceptual Framework	
2.2.1 Meaning of Independent Variables	13
2.2.2 Meaning of Dependent Variable	14

CHAPTER 3 : RESEARCH METHOD

3.1 Research Design	15
3.2 Unit of Analysis	15
3.3 Population and Sampling	15
3.4 Measurement and Instrument	16
3.5 Data Collection	16
3.6 Data Analysis	17

CHAPTER 4 : FINDINGS

4.1 Reliability Test	18
4.2 Descriptive Tables	19
4.3 Inferential Tables	25

CHAPTER 5 : DISCUSSION AND CONCLUSION

5.1 Discussion	30
5.2 Recommendations	33
5.3 Limitation of the Study	35
5.4 Conclusion	36
