TITLE:

SOCIAL MEDIA PORTFOLIO

(SambalTempeLit)

GROUP:

ENT 530U

PREPARED BY:

NAME	STUDENT ID
1. SITI HAJAR BINTI ABDUL MALEK	2020896982
2. UMMI RUWAIDAH BINTI ROSMAN	2020812578

PREPARED FOR:

NUR NAJJAH BINTI ABD RAHIM

ACKNOWLEDGEMENT

To begin with, we want to express our gratitude to Puan Badariah binti Sulaiman for her readiness to provide our products (SambalTempeLit) in a high-quality manner. She purchases, prepares, packs, and sends final products to us. She has our sincere gratitude for being very easy to work with.

Secondly, we, Siti Hajar binti Abdul Malek and Ummi Ruwaidah binti Rosman would like to thank our lecturer, Miss Nur Najjah binti Abd Rahim for her guidance that helps us in preparing this social media portfolio report. In addition, she provided extremely good assistance in responding to questions that came up. Without her assistance, we might not be able to complete this assignment perfectly.

Not only that, we also want to give our appreciation to our fellow classmates who are willing to share information with us. They responded and were willing to help us when we were at a standstill in producing a qualified report. Thank you for their services in sharing all relevant matters whether in terms of the submission date, how to write the report, and correcting the mistakes that have been made. Without their help, we also may not be able to send this report completely.

EXECUTIVE SUMMARY

The proposed sale of SambalTempeLit is a joint idea between Siti Hajar binti Abdul Malek and Umami Ruwaidah binti Rosman. Both of us plan to sell something simple as we are both first-time-entrepreneurs doing business either physically or online. The choice of SambalTempeLit as the product name is from a suggestion from Siti Hajar in making it easier for customers to recognize our product only by its name. The choice of color in the logo, which is bright yellow, is also one of our marketing methods in attracting the attention of food lovers by using bright colors.

We decided to trade simple food because food is a product that is easy to sell. We started the sales by giving a taster to our closest friends. At first, we brought the Sambal Tempe as a snack during study time and during iftar. From there, our friends are interested to know more about our products and provide some comments that we can take as an improvement of the quality of our products.

As new businesswomen, we use the Facebook platform to promote our products throughout Malaysia. On Facebook, we also leave a phone number that customers can contact if there are any questions or if they want to place an order. Here, we also do "soft-sell" and "hard-sell" in various related topics so that customers who "follow" us on our Facebook page know the development of our business. The post not only informs customers that we are an active business, but shares useful knowledge that can be used and applied by them.

Our mission and vision as food industry traders is clear. We want to be one of the businesses that can compete fairly and equitably with other Malaysian -made products. We are determined to work hard to put our products on large supermarket shelves. As for the mission, we want to be a businesswoman who produces Sambal Tempe extensively at a reasonable price as well as further diversifying the flavors available.

4.0 INTRODUCTION OF BUSINESS

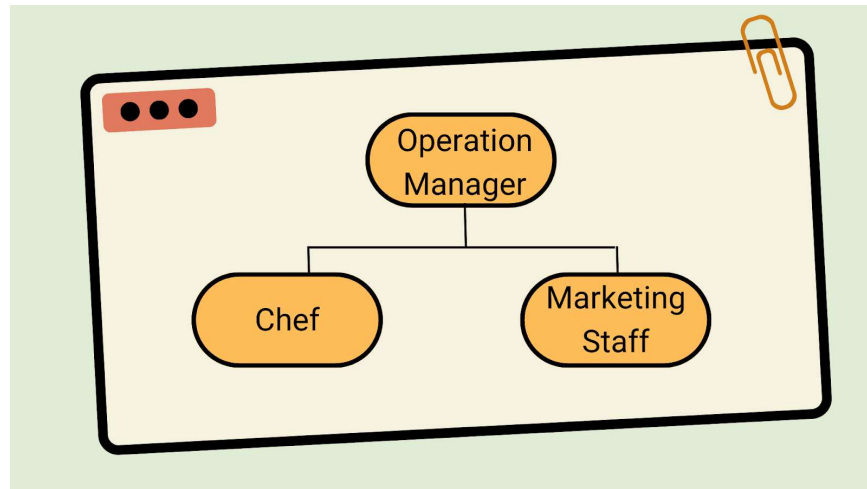

4.1 NAME AND ADDRESS OF BUSINESS

SambalTempeLit is the name we give to our business. The name is a combination of products that we sell, tempeh and sambal. "Lit" is placed in the name of our product to emphasize the good taste and to give an impact on the customer's sense of taste. We emphasize satisfaction on the tongue and stomach of our customers by maintaining product quality in terms of hygiene and well -kept packaging. The selection of ingredients is also carefully selected to align with our product name.

As for the address, our business is online based and does not have a physical store. We use the Facebook platform to interact with our customers. We also provide a phone number on our Facebook page and in some of our postings so our customers can contact them to get any orders or ask any further questions. On that platform, we will also share various topics such as customer reviews, kitchen tips, cooking recipes and others.

As for the Facebook page, customers can search “SambalTempeLit” to see the latest update from us. As the name is easily pronounced and remembered, we want to make sure the customer who tries our product will have a whole satisfaction when eating our product.

4.2 ORGANIZATIONAL CHART

At the top level is the operations manager and the position is held by Siti Hajar binti Abdul Malek as she is skilled and directly related to the production of our products. She was responsible for the production, quality control and maintenance of food. She will make sure that everything goes without a hitch from day to day. They address customers' demands for cost-effectiveness while maximizing processes and procedures.

The position of Chef was given to Puan Badariah binti Sulaiman because she was responsible for the purchasing, cooking and packaging process. She also needs to make sure all the ingredients used are fresh and suitable for a variety of customers.

Marketing staff is held by Ummi Ruwaidah binti Rosman. She was responsible for planning and executing sales, marketing, and communications plans that will help our brand entity increase demand while achieving group sales targets and branding goals. She is also responsible for providing posting materials on Facebook to promote SambalTempeLit products.

4.3 MISSION AND VISION

Every activity carried out must be accompanied by a mission and vision so that the things carried out have a clear goal and purpose. If the process toward success is overflowing with various challenges, the company's mission and vision will help the founders to remain motivated to continue and face the challenges that lie ahead.

The mission of our shop is "To be a manufacturer of food products that produce Sambal tempeh with various flavors at affordable prices". Although our business is still new and small, we aspire to produce a variety of flavors for our products. For starters, we started with two flavors namely Sambal Merah and Sambal Hijau. In the future, we may be able to invent a new flavor and be the first seller to sell the new invented product.

Meanwhile, the Vision is "To grow the business to compete with other Malaysian-made food products healthily". We have high ambitions to market our products in the big supermarkets available in Malaysia. Initially, we may only be able to sell it online, but, with our sincerity, we want to feel proud and satisfied when we see our products displayed on the shelves of supermarkets. We also have a vision where we want to compete fairly in this food industry.

4.4 DESCRIPTION OF PRODUCTS

Sambal Tempe Lit is a combination of our main ingredient 'tempe' and cooked with onion, garlic, dried chilies, or green chilies, and with some seasoning sugar and salt. All these ingredients are then mixed to create a wonderful taste. There are two menus for our sambal tempe which are Sambal Merah and Sambal Hijau. These two menus give a different flavor, Sambal Merah tastes a bit sweet while Sambal Hijau has a spicy taste, it is to make it easier for our customers to have a choice instead of only one flavor. The price for these two products is RM5.00 with 120 grams weight. Our sambal tempe is special because it is a heritage recipe from the owner's family and it also is freshly cooked for every order made so that the quality is guaranteed and can last long. Other than that, another specialty of our product is we do not use MSG and the ingredients are high-quality ingredients.

4.5 PRICE LIST

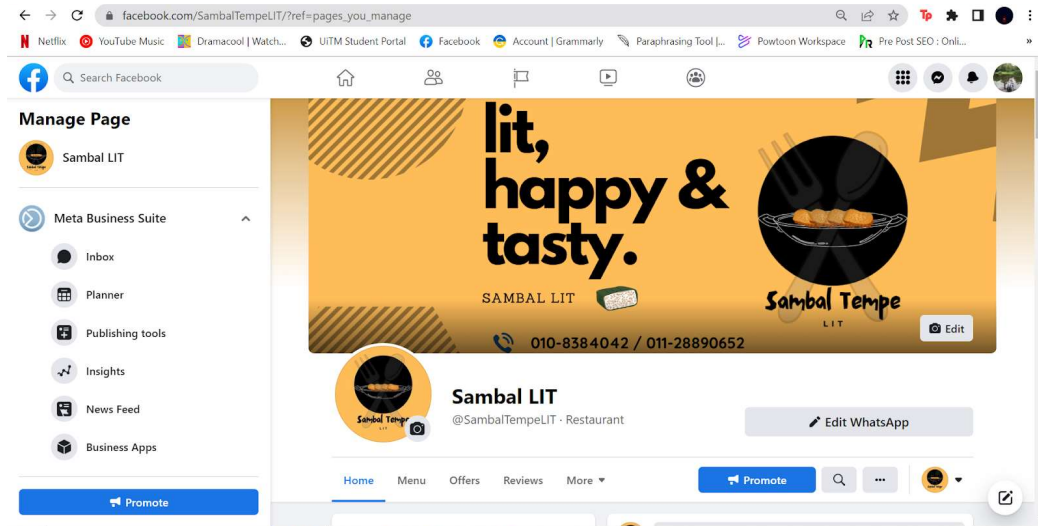

SambalTempeLit menu, quantity and price per unit:

PRODUCT/MENU	WEIGHT	PRICE
 <p data-bbox="321 1014 516 1045">Sambal Merah</p>	120 gram	RM5.00
 <p data-bbox="329 1696 508 1728">Sambal Hijau</p>	120 gram	RM5.00

6.0 CONCLUSION

To conclude, from this social media portfolio, we are using Facebook pages as our main marketing strategy and it is indeed very useful and helpful, especially for a new and small business like us. We can easily promote our product to a wide variety of customers with different demography, ages, and gender. There are many features and opportunities that Facebook has provided for businesses to promote their product and one of them is through Facebook Ads. Other than that, we also learn a lot about how to use effective and good copywriting and graphics to attract as many potential customers as possible because customers will stop scrolling at our posts and read our posts, and indirectly they will be attracted to buy our product. Also, good yet effective graphics and copywriting can differentiate us from our competitors, as a result, it will make us stand out from others competitors in the market.

Lastly, we are also very confident and committed to ensuring that our product can grow and be able to compete with other big brands in the market. With that, in the future, we are planning to expand our business to supply our product to supermarkets and restaurants, and also to create more new flavors for our Sambal Tempe so that customers will have many choices. At the same time, to always keep our quality is guaranteed and good to ensure that we can continue to gain trust from customers. Therefore, to make all these happen, we will work hard to make our dream become reality and also to make our product SambalTempeLit a well-known brand.
