REFERENCES AND APPENDIX

INTRODUCTION

Building maintenance management is one of the important aspects in any property management. The understanding of building maintenance and its field area is a must for a professional Building Surveyors. Building maintenance covers not only on the building facilities itself, as the need nowadays become more and more complex i.e. changing of technology (technology movement and transferred), design requirement, organizational management, financial, legal and by law.

APPRECIATION

As the complete work is publishing, we would like to dedicate this report to our great supervisor, Pn. Suliahti Hashim and En Mohd Yusof Hamid as our tutor of the Integrated Final Project who make sure our work and report to present complete and successful.

We also thank to *En. Zulkifli Ahmad* as a *Head of Dataran Maybank Building Management*, *Miss Nahdatul Azna Arni* as an officer, *En. Mohd Ridzuan Yahya* and *En. Ghazali Hassan* from *PENSERA Sdn. Bhd (Maintenance Department)* to give us an explanation and information throughout this research. For Miss Nahdatul Azna Arni as an officer for building management, thank you for gives us a chance along our visit. To all PENSERA staff, we also grateful to you in giving your corporations as we are doing our research. In addition to all the lecturers, thank you for your guide and advice for this report presented.

Finally, to our group members, we would like to thank each other for our commitment, good work and cooperation. Without their help and encouragement the report would never been complete.
