EXECUTIVE SUMMARY

Satu Warisan is home to a variety of frozen food that is created just for people who love frozen food that matches their local taste, which is a marinated food with herbs such as chicken and fish wrapped in pandan leaves and one of the benefits pandan can be found on our products is the fragrance of pandan leaves when the food is cooked. Our company's main goal is to be one of the brands that are great and recognized by the community like other huge local brands such as Hsh Frozen Foods Sdn Bhd, Zheng Food (Malaysia) Sdn Bhd, PA Food Sdn Bhd, and many more. The main objective is to deliver high demand for frozen food for those who are looking Malay cuisine that suits for any occasion and is easy to be served at any time. Plus, the company plans to produce products with high-quality ingredients and fresh raw materials at affordable prices.

This company, Satu Warisan, was established in December 2019. Satu Warisan is currently selling a variety of frozen food such as Pepes Ayam, Pepes Ayam Cheese, Popia Otak-Otak, and others. We also received a lot of good feedback from the customers as they bought our products such as complimenting the taste of our Otak-Otak which is very delicious and still fresh and many more.

We as an agent of Satu Warisan had to create a Facebook Page to expand the business through social media because social media marketing is much easier to spread the word about our products. By that, we also are able to learn how to post for the business products through teaser posts, hard and soft sells.

2.0 Introduction of Business

2.1 Name and Address of Business

Figure 4: SIFOOD (Syuhada Nazurah House) Logo's

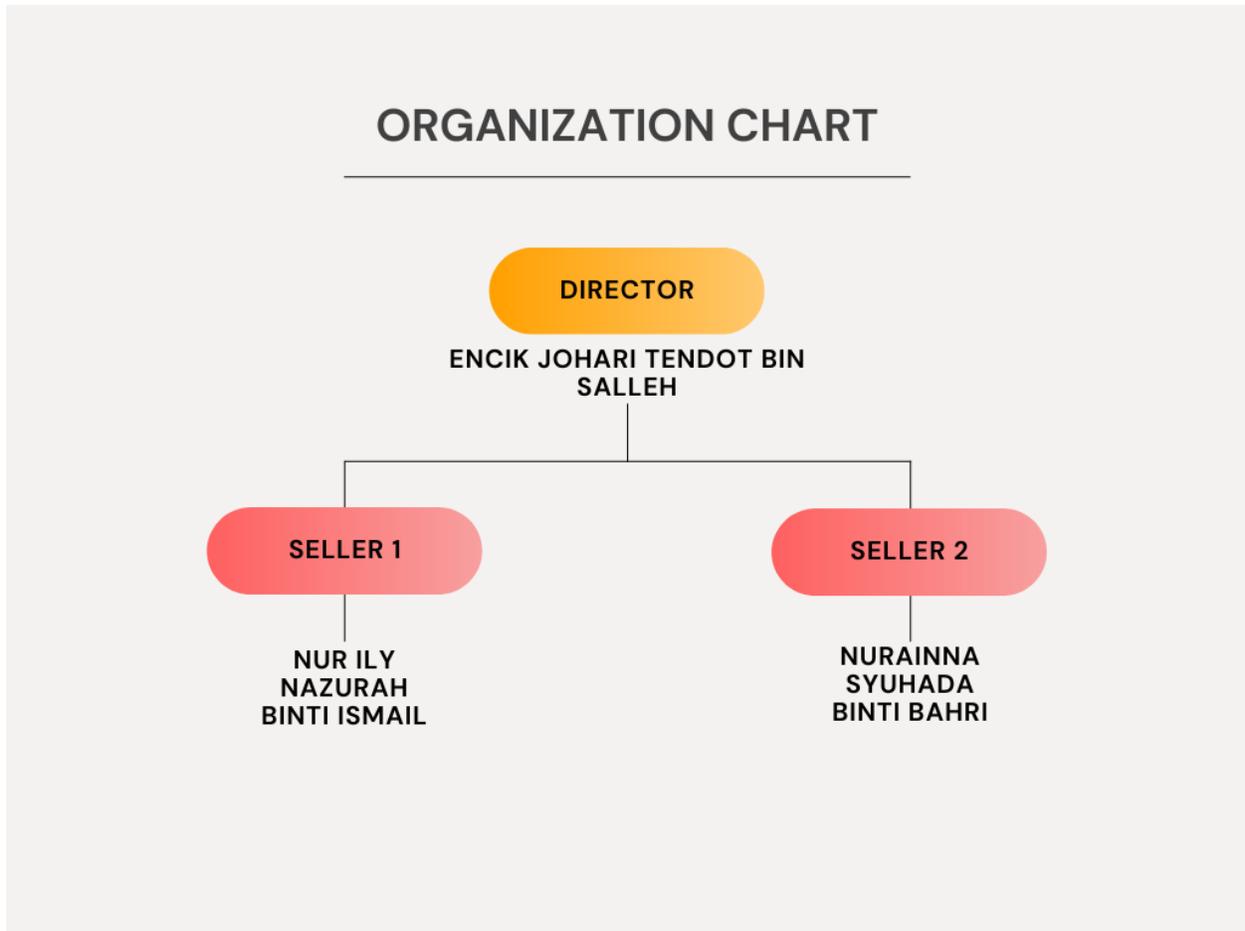

Syuhada Nazurah House is the name of our business. The inspiration for this name came from our personal name, which is a combination of Syuhada and Ily and we added the word food at the end because our business offered frozen food to the customers under the brand of Syuhada Nazurah House. We had several ideas on how to start our business at first, but we finally decided to offer frozen food because we can easily get the stocks. Besides, we believe that frozen food will make it easier for people to prepare food and frozen food is more durable than usual food.

We get our stock from this one company called Satu Warisan, which is located at Kempas, Johor Bahru. We collect our stock from there. As for the delivery process, we only provide Cash on Delivery (COD). For COD, we try to reach our customer that lives around Pasir Gudang and around Johor. We could not do postage since the food must be kept in a cold temperature and we want to maintain the quality of the product. That is why we could not risk to do postage.

3.5 Facebook (FB) Post - Copywriting (Soft Sell)

A soft sell is a strategy to marketing and sales that uses delicate words and a non-aggressive approach. The goal of a soft sell is to prevent offending target customers and turning them away. Besides, soft selling is a convincing, subtle, low-pressure sales method that, while it may not result in a sale the first time a product is given, it does help to promote recurring business.

Mungkin ada yang tertanya-tanya sebelum nak beli pepes, macam mana cara masak, 😊 betul tak?

Jangan risau, korang boleh masak pepes atau pun ayam pandan, atau produk- produk kami yang lain dengan dua cara, sama ada DEEP FRY atau pun nak lebih sihat, kurang minyak dan beraroma, boleh masak menggunakan AIR FRYER

Hello everyone! 🍌

Have you seen food wrapped in banana leaves? I am sure everyone has seen it especially as a Malaysian. Anyways, do you guys know it is actually better to wrap the food with banana leaves? This is because among the benefits of banana leaves is their natural waxy covering, which according to the researcher provides adequate insulation for newly cooked hot dishes. Besides, in contrast to artificial wrappings, the leaves do not cause undesirable chemical reactions when in touch with heated food. In addition, a current study in Indonesia has discovered that banana leaves contain polyphenols comparable to those found in tea leaves, which are high in antioxidants.

SALAM AIDILADHA FROM SYUHADA NAZURAH HOUSE ✨

LET'S FIND OUT WHAT IS HAJJ AND UMMRAH

As Muslims, one of the basic pillars of Islam that we should aspire to fulfil in our lifetime is Hajj, or the holy journey to Makkah. Those who are able can also perform Umrah. But what is the different between Hajj and Umrah?

Umrah is similar to a short pilgrimage. It is a blessing to undertake rather than a pillar of Islam. In contrast to Hajj, which may only be undertaken during the month of Dhul Hijjah, Umrah can be performed at any time during the Islamic calendar. When you perform Umrah, you will perform tawaf and sa'i. Tawaf is the practise of walking in anti-clockwise circuits around the Ka'aba. A... [More](#)

4.0 Conclusion

To sum up, we are grateful to be able to manage this business together from the beginning of brainstorming the idea of the business to the end. Business is a new thing to us, every day we learn new things about business, nevertheless we feel pleased and we do not feel any pressure but instead we enjoy doing it.

However, there is no denying that every business has its difficulties. We experienced it personally that there are days when Syuhada Nazurah House sales are low and therefore we are working together to find strategies to increase sales. The introduction of a Facebook page has been extremely useful in terms of promoting and introducing our products to customers. We have uploaded two teasers, eight hard sell posts, and six soft sell posts in total for our business activity

Last but not least, this assignment has given us a huge impact on real business using online platforms such as Facebook pages. and we believe what we learned in completing this assignment will greatly help us in the future.
