## ABSTRACT

Funeral Management is a fardhu kifayah demand from every Muslim to other Muslims. There is a lot of theoretical and practical learning either at the school level, higher education level or at the surau or mosque level to give understanding to the community the importance of funeral management knowledge. However there are still many who will panic or do not know what to do in the event of death in their place. Thus, in line with the increasingly advanced technological advances, we took the initiative to develop customer-friendly applications by using mobile android phones, steps that need to be implemented in the funeral management process. The user simply presses the option button provided to know the process from start to finish of the funeral management perfectly. This application is integrated with interactive multimedia such as text, video, audio and illustrations to attract interest and improve user understanding. The innovation produced saves cost and time for users in perfecting funeral management.

**Keywords:** eternal travel toolkit, funeral management, easy, customer friendly, save time

## 1. INTRODUCTION

Eternal Travel Toolkit is customer-friendly applications by using mobile android phones, steps that need to be implemented in the funeral management process. The user simply presses the option button provided to know the process from start to finish of the funeral management perfectly.

This application is integrated with interactive multimedia such as text, video, audio and illustrations to attract interest and improve user understanding. The innovation produced saves cost and time for users in perfecting funeral management.

## 2. OBJECTIVES

This study aims to 1) Facilitate funeral management by using applications developed through mobile android phones, 2) Funeral management can be implemented quickly based on the steps provided in the application, 3) Provide facilities for use by the community as a whole, 4) Improve community skills in applying current technology 5) To create the nature of community responsibility towards the importance of funeral management in fulfilling the demands of fardhu kifayah.

## 3. METHODS

This toolkit also provides various additional multimedia links related to funeral management that can be accessed by touching the displayed icons. This allows users to make quick referrals and access funeral management guides using only mobile devices (smartphones and tablets).

Cost of innovation: **FREE**

**Figure 1.** Layout of the functions and descriptions of the Eternal Travel Toolkit application icons.

#### 4. RESULT AND DISCUSSION

The whole community, especially the Muslims according to their respective qariah areas. The Molecular Geometry Toolkit Usage Questionnaire is used to gauge students' view on the use of the application. The questionnaire comprises 10 four-point Likert scale questions and an open-ended question on students' experience using the application. Analysis of the Eternal Travel Toolkit questionnaire to 91 students.

No	Questionnaire	1	2	3	4	% agree
1	The menu display arrangement makes it easy to find information	0	0	13	87	100
2	This application is interesting to use.	0	1	11	88	99
3	The content presented is easy to understand.	0	1	18	81	99
4	The content presented is easy to understand.	0	0	15	85	100
5	This application is an innovative product.	0	0	12	88	100
6	This application is able to increase user knowledge related to funeral management.	0	0	11	89	100
7	This application should be stored in the smartphone of every surau / mosque parishioner.	0	1	11	88	99
8	This application should be kept by each individual.	0	0	13	87	100
9	This application is user friendly.	0	1	14	85	99
10	This application is suitable to be used as a medium of teaching and learning.	0	0	10	90	100

#### 5. CONCLUSION

The application developed can be distributed at the level of educational institutions, public and private sectors, administrative organizations or management of mosques and surau under the control of the State Islamic Religious Department throughout Malaysia. Other supporting applications in the toolkit, not just for Molecular Geometry but also other chemistry topics.

YBhg. Profesor Ts Sr Dr Md Yusof Hamid, PMP, AMP  
Rektor  
Universiti Teknologi MARA  
Cawangan Perak

YBhg. Profesor

**PERMOHONAN KELULUSAN MEMUAT NAIK PENERBITAN UiTM CAWANGAN PERAK  
MELALUI REPOSITORI INSTITUSI UiTM (IR)**

Perkara di atas adalah dirujuk.

2. Pihak Perpustakaan ingin memohon kelulusan YBhg. Profesor untuk membuat imbasan (*digitize*) dan memuat naik semua jenis penerbitan di bawah UiTM Cawangan Perak melalui Repositori Institusi UiTM, PTAR.
3. Tujuan permohonan ini adalah bagi membolehkan akses yang lebih meluas oleh pengguna Perpustakaan terhadap semua bahan penerbitan UiTM melalui laman Web PTAR UiTM Cawangan Perak.

Kelulusan daripada pihak YBhg. Profesor dalam perkara ini amat dihargai.

Sekian, terima kasih.
