ACKNOWLEDGMENT

Praise to Allah and the Almighty for giving us the opportunity to complete this research. Although completing this research was challenging for us, we managed to get help from many parties that made this research less difficult.

First and foremost, we would like to thank our faculty which is the Faculty of Administrative Science and Policy Study (FSPPP) for giving us an opportunity in learning this subject which are ADS511 (Research Methodology and Data Analysis) and ADS555 (Applied Research Project) that can increase our professional skills and quality.

Secondly, we would like to thank our supervisor, Dr Ibrahim Bin Hi for his guidance especially during the online distance learning. He taught us many things about the research. Furthermore, special thanks to the staffs and teachers at Sekolah Menengah Kebangsaan Seri Gading for being involved with our research.

Last but not least we would like to express our special thanks to our family and friends for helping us in all aspects and giving us moral support during completing this research.

ABSTRACT

The purpose of the study is to examine and compare relationship between efficiency of task completion and the problem faced by men or women in the working environment, to examined and compare relationship between efficiency of task completion and the type of job scope is efficient for men or women and to examine and compare relationship between efficiency of task completion and what gender can multitask more. The researcher is conducted the study in Sekolah Menengah Seri Gading, located at Batu Pahat, Johor. This research consists of 81 respondents who are full time teachers at SMK Seri Gading. The study was carried between 22nd June 2022 until 15th July 2022. This study employed a non-probability sampling techniques in collecting the survey data. The result of the study revealed two important findings. First, majority of the respondents were agreed with the problem faced by men or women have a positive relationship with the efficiency of task completion. Secondly, majority of the respondent agree that the type of job scope is having positive relationship with task completion.

ABSTRAK	iv
LIST OF FIGURES	viii
LIST OF TABLES	viii
LIST OF APPENDICES	viii
CHAPTER 1: INTRODUCTION	1
1.1 Introduction.....	1
1.2 Research Background	1
1.3 Problem Statement	3
1.3.1. Gender stereotypes and Discrimination	3
1.3.2 Multitasking work	4
1.4 Research Questions	4
1.5 Research Objectives	4
1.6 Scope of The Study	5
1.6.1 Gender.....	5
1.6.2 Territory	5
1.6.3 Time.....	5
1.7 Significance of the study	5
1.7.1 Employees	6
1.7.2 Employers.....	6
1.7.3 Community	6
1.8 Definition of Terms, Terminology and Concepts.....	6
1.8.1 Gender stereotypes	6
1.8.2 Gender Discrimination.....	7
CHAPTER 2: LITERATURE REVIEW AND CONCEPTUAL FRAMEWORK	8
2.1 Introduction.....	8
2.2 Gender Stereotypes	8
2.3 Multitasking work.....	9

2.4 Gender inequality in the workplace	9
2.5 Conceptual framework.....	10
2.6 Hypotheses Development.....	11
2.6.1 Problem faced by men and women and the Efficiency of task completion	11
2.6.2 Type of Job Scope that efficient for men and women and the Efficiency of task completion	11
2.6.2 What gender can multitask more and the Efficiency of task completion	12
2.7 Summary of Chapter.....	12
CHAPTER 3: METHODOLOGY	13
3.1 Introduction.....	13
3.2 Research Design	13
3.3 Unit of Analysis	13
3.4 Sample Size.....	13
3.5 Sampling Technique.....	14
3.6 Measurement	14
3.7 Data Collection	16
3.8 Data Analysis	16
3.9 Summary of the Research Methodology.....	17
CHAPTER 4: FINDINGS.....	18
4.1 Introduction.....	18
4.2 Demographic Profile.....	18
4.3 Reliability Test Results	20
4.4 Normality Test Results	21
4.5 Main Findings.....	22
4.5.1 Objective 1: To examined and compare relationship between efficiency of task completion and the problem faced by men or women in the working environment.	22
4.5.2 Objective 2: To examined and compare relationship between efficiency of task completion and the type of job scope is efficient for men or women.	22
4.5.3 Objective 3: To examined and compare relationship between efficiency of task completion and what gender can multitask more.	22
4.6 Summary of Finding.....	23
CHAPTER 5: DISCUSSION AND CONCLUSION	24
5.1 Introduction.....	24
