## **ACKNOWLEDGEMENT**

Assalamualaikum w.b.t. First and foremost, we would like to thank our supervisor, Dr. Muhamad Fuad bin Abdul Karim, who helped us a lot in doing this research. He taught us how to do research and present our research in the most clear and concise manner possible. Working and studying under his direction was a wonderful honour and privilege.

Secondly, we would like to thank our family members that always support us in facing Bachelor degree life. We owe our parents a debt of gratitude for their love, prayers, care, and sacrifices in teaching and preparing us for the future. We also want to thank our sisters, brothers, brothers-in-law, and all of our friends for their help and prayers.

Then, we would like to thank our classmate for indirectly helping us in finishing this research as sometimes we also refer to them.

Lastly, we would like to thank everyone that may be involved directly and indirectly.
