ACKNOWLEDGEMENT

In the name of Allah, the compassionate, the merciful, praise is to Allah, Lord of the universe and peace and prayers are upon his final Prophet and Messenger. Thank God, and His teachings, wisdom and enlightenment that paths the way for me not only towards accomplishing my project paper but also beyond the frontiers of life.

In conducting this study, I have been greatly benefited from the guidance of my advisor, Pn Yuslizawati, who has been supporting me all along in completing this project. I also want to express my sincere appreciation and heartiest gratitude to PM Zin and En Sukor for his willingness to provide consistent guidance, invaluable ideas and comments as well.

Special thanks also to my parents, that have given morale and materials support in organizing this project paper. Last but not least, I would like to express my heartfelt gratitude towards all friends that has been supporting and giving valuable idea in helping to finish this assignment.

After facing many challenges, barriers and problems, I with the help of others finally had completed this assignment. I really hope that this project paper will give a great experience to others and I. Thank you.
