ACKNOWLEDGEMENT

First of all, I would like to thank to God or his blessings to me to finish this thesis completely. I'm proudly to express my greatest appreciation neither to my advisor, Madam Faridah Mohd Shah and and thanks to my second examiner PM Hjh Rosdiana Hj Sukardi for giving a lot of guidance and moral support in process to complete this thesis.

Then, I'm grateful to the Multimedia Media college staffs and students and correspondents around Sepanggar, who gave their support and full commitment to fulfill the questionnaires and give good cooperation toward achieving my goals to finish my thesis especially for keeping to the deadlines.

Not to forget to my supervisor during practical training, Madam Siti Hamidah Hj Tanalol for her full cooperation and a lot of guidance in providing relevant ideas, information and assisting me in completing my practical training

I would therefore like to express my heartfelt thanks to my family, especially to my father, Daigo Setia and my sister, Yvonne Deyanne Daigo that helping me in financial support to complete my thesis. Not to forget to my colleagues who have participated in giving positive comments and supporting words in helping me to complete this task. Their contributions truly appreciated and will be well remembered.

ABSTRACT

Celebrities are the personalities that are well known in public either because of their credibility or of their attractiveness or because of both of these. This study is about the Impact of Celebrity Endorsed to Customers Purchase Intentions towards Cosmetics Advertising. It will identify the impact of celebrities endorsed towards the customers after viewing the Cosmetics Advertising. The study will focus on the way the audience receive, associate and identify with the product and social influence. The purpose of this paper is to help organizations, business people and media to understand the importance of advertising as well as the best ways and tools to use in developing messages for advertisements to reach their target audience. Furthermore, it also will help marketers in making the right choice of celebrities to use in endorsing advertisements. This paper will critically analyze how celebrity endorsement in advertisement as a tool affects and influences people's opinions in marketing and its effect in the society compared to other forms of advertising. The methodology of collecting data for this paper will be through secondary research which will involve reviewing relevant literature such as journals, articles, texts, print media, social media and electronic media in this area of study. The data collected will be quantitative which will be analysed and presented in forms of charts and tables.
