## ACKNOWLEDGEMENT

First of all we are grateful to God for His grace s.w.t, we can set up our research with a good and at the same time be able to finish the last task of the Faculty of Science Policy (am228) at University Technology Mara. Therefore we would like to thank the parties involved in the assistance and support given to us while undergoing the study. Firstly, I would like to thank our supervisor Sir Rahezzal Abdul Karim as much help and provide guidance through criticism and advice given, the most important are willing to accept us as supervisee . In addition, we are also very grateful to Miss Faezah and Sir Haijon Gunggut which many times giving us motivation, support and encouragement to us all set up research begins by giving us guidance and enlightenment of our research starts by looking for the problem statement and questionnaire of research. Do not forget also to Madam Dayang Sufidah counsel of SPSS that teach us about many things especially about knowledge of SPSS from Part five until part 6 with a sense of patience which always gave us tips for dealing with presentation of viva and making research completely . A very thank you also to Dr Hj. Zuraida Zaabah who always give encouragement to submit our research on time . Finally, to our families and friends for prayers and encouragement to pass this task. Indeed, without the support and encouragement, we may not be able to proceed with this task.

Thank you

## ABSTRACT

This research will determine what the perception of public towards PLKN Programme. We tested three different samples in this research which is module, media and public awareness to examine the factor that influence the dependant result with 100 respondent in Indah Permai. In this research to evaluate the result of variable that we choose, we use descriptive statistic of the variable and inferential analysis. From the result we was found there are no relationship between module and media in change the perception of public towards PLKN Programme, thus public awareness have are co-relation, it amount 0.011.

## TABLE OF CONTENT

Chapter 1		pages
1.1	<b>Background Of Study</b>	1
1.2	Problem Statement	4
1.3	Research Objective	5
1.4	Scope Of Study	5
1.5	Definition Of Term And Concept	5
Chapter 2	Literature Review	
2.1	youth as a focus group	9
2.2	the implementation of the ISO in PLKN	10
2.3	PLKN Trainees to undergo technical,vocational training	11
2.4	PLKN to boost confident skills	12
2.5	the unique of PLKN	13
2.6	patriotisme impact toward unity in PLKN	14
2.7	MCMC to assist PLKN Trainees on the internet security	16
2.8	pilot project to test new set of NS	16
2.9	study to choose sufficient of PLKN module	18
2.10	conceptual framework	19
Chapter 3	Research Methodology	
3.1	Research Design	21
3.2	Population And Sampling	21
3.3	Instrument And Measurement	22
3.4	Units Of Analysis	22

3.5	Data Collection	23
3.6	Data Analysis	23
Chapter 4 Analysis And Finding		
4.1	Introduction	24
4.2	Reliability Of Test	25
4.3	Comparison Of Mean	30
4.4	Cross Tabulation	32
4.5	Chi Square	35
Chapter 5 Discussion And Conclusion		
5.1	Introduction	38
5.2	Discussion	39
5.3	Limitation Of Study	38
5.4	Recommedation	40
5.5	Conclusion	44
