Acknowledgement

Alhamdulillah, all praises to Almighty Allah for allowing us to complete our dissertation. Our sincere gratitude to our beloved family and supportive peers for their encouragement to us as a student of the Faculty of Administrative Science and Policy Studies.

First and foremost, we would like to thank our honorable supervisor, Mohammed Rahezzal Shah Abdul Karim for his remarkable concern in assisting us to complete this dissertation. His patience and passion in teaching also have given impacts on our personal character, not only in academic matters but also in life. We will never forget his encouragement in boosting our self-confidence to present our first research proposal.

Our special gratitude goes to beloved family for their abiding love. No words can describe our appreciation for their support and faith in our ability to attain our goals. We would like to extend our appreciation to our friends that support us. Without their help, this study cannot be completed.

To all lecturers at the Faculty of Administrative Science and Policy Studies and friends, thank you very much for the thoughts and experiences.

May Allah bless all. Aamiin.

Table of contents

Chapter 1: Introduction

1.1	Background of the Study	1
1.2	Problem Statement	3
1.3	Research Questions	6
1.4	Research Objectives	6
1.5	Scope of the study	7
1.6	Significance of the Proposed Study	7
1.7	Definition of Terms, Terminology & Concepts	8

Chapter 2: Literature Review & Conceptual Framework

2.1	Introduction	9
2.2	Literature Review	9
2.3	Conceptual Framework	19

Chapter 3: Research Method

3.1	Introduction	21
3.2	Research Design	21
3.3	Unit of Analysis	22
3.4	Sample Size	23
3.5	Sampling Technique	23
3.6	Measurement/Instrumentation	24
3.7	Data Collection	25
3.8	Data Analysis	26

Chapter 4 : Data Analysis

4.1	Data Analysis	27
-----	---------------	----

Chapter 5: Conclusion

5.1	Limitation of Research	38
5.2	Recommendation for Future Research	39
5.3	Conclusion	41

ABSTRACT

Early marriage is a practice which is disproportionately affects girls in certain cultures and communities. The early marriage is giving a huge impact on the girls or youth life. This study focuses finding a Regression test based on the factor of early marriage. The factor is economic factor, culture factor and social factor. This study provide explanation to the people about how crucial the factor can affect the youth if they facing early marriage. However, the study was limited by the limited are which are only Sepanggar, Kota Kinabalu, Sabah area. At the end of the study, it was found that the factors are contributed to the early marriage.
