ABSTRACT

This study aims to identify the awareness and perception among Gombak residents about *Hibah* according to the Islamic perspective. The focus of this study is to show the level of knowledge among Gombak residents about *Hibah* according to the Islamic perspective, identify the importance of *Hibah* according to the Islamic perspective, and identify the extent of awareness among Gombak towards *Hibah* from an Islamic perspective. The research methodology is in the form of qualitative data while the research instrument is implemented through an online questionnaire involving a total of 20 respondents consisting of residents around Gombak. The data obtained from the questionnaires were processed and analysed using descriptive analysis methods. The results of this study found that the level of knowledge of Gombak residents about *Hibah* is still at a moderate level. Meanwhile, their level of awareness on the importance of the implementation of *Hibah* is at a good level. In conclusion, the findings of this study show that the awareness and perception among Gombak residents about *Hibah* according to the Islamic perspective is moderate. The researcher has also submitted some suggestions to certain parties to be taken into consideration and appropriate action on the issue of awareness and perception among Gombak residents about *Hibah* according to Islamic perspective so that it can be monitored by certain parties and can provide benefits and awareness to the community in Malaysia, especially residents around Gombak.

ACKNOWLEDGEMENT

Firstly, Alhamdulillah and Thank you Allah for giving me the opportunity to complete this long and challenging journey successfully. My gratitude and thanks go to my supervisor Pn. Che Norzila Sulong. Thank you for the support, patience and ideas in assisting me with this project. Also, thank you to all lecturers who are involved in this final year project by providing a writing workshop in order to explain details with full guidance. Without their effort and time, I think I cannot do this writing successfully.

I also would like to express my gratitude to my parents Mohd Nisran B. Abd Hamid, Norliah Binti Tajuddin, and siblings for their moral support and guide me in order to complete this writing. Special thanks to my classmates and friends for helping me with this project.

Lastly, I wish to say thank you to Gombak residents who give their cooperation to be my respondent and willing to answer my questionnaire. May Allah bless all of us.
