WRISTBAND

DUAL SANITIZER AND DIGITAL CLOCK (PRODUCT DESIGN)

Design Advisor : MR MOHD HAMIDI ADHA MOHD AMIN

The Covid 19 was new threats for us in Malaysia before this we always hear this virus was attack other country, but recently this virus covid 19 has already in Malaysia in starting 2019 this virus was attack the whole country in the world make the whole in this world life with feeling worried about own health . However lately this year in 2021 case about covid 19 slowly goes down and many people already feel healthy .And then government loosening the law to let people go out for work, school and other else also public things starting working back like public transport and other else.

This Wristband act as a smartwatch, which has a push button in back body of wristband to spray a sanitizer. This product is focusing a people who always walk and used public transport. More over, it easier to the use when want to go somewhere which need to make sure to follow SOP, forexample sanitize their hand after touch things in public area or public transport. This product used minimalist concept which attractive to user an comfortable. The Wristband is a nice size like other smartwatch and colour of this product is soft colour which make this product interesting and include with digital clock design at center. Objectives of this wristband are 1) To avoid virus when touch anything can spray easily first 2) Make easier way to carry sanitizer along with us and 3) more fast ways no need to take sanitizer from bag first.

It is hoped that, with this product can help a lot in many things and many ways to prevent and avoid this virus covid 19 to spread many place and help other to follow SOP. Also make more easier to other people use and sanitize when go to crowded place.
