ABSTRACT

The purpose of this research is to study the ethics of journalism in humanity perspective towards victims in sensitive issue. A profession of uttering truth and bringing facts are the honor of a journalist to the society and it's also one of ethics in journalism that should be practice by journalist. However, in order to bringing the facts to society, the journalists need to put their side their emotion so that did not bias in their writing.

This research has been conduct based on three research objective:

- To study the techniques of the question that should be ask by the journalist.
- To study the method for a journalist to write the article and news that that would not hurt the victims and other victim's relative.
- To identify the ethics of journalism in our society.

The study has implemented the in-depth interview with people that has related either direct or indirect to journalist profession.

Keyword: Journalism ethics, Humanity, Journalism, Victims, Sensitivity.
