

INTERVIEW

For Enrollment into the Bachelor of Pharmacy Program (Ph240)

A total of 905 eligible candidates have been called for interviews for admission to the Bachelor of Pharmacy (PH240) program in October 2023, with an expected enrollment of 180 students. Several meetings were held with the Student Recruitment Interview Committee, chaired by the Dean, to organize the interview process in the best possible way, considering the higher number of candidates compared to the previous years.

Candidates from Sabah and Sarawak were interviewed via online platform on June 8, 2023, involving a total of 72 candidates, while the rest attended face-to-face interviews on June 10 and 11, 2023. The breakdown of the session on the interview date was communicated to the candidates via email and Telegram, ensuring minimal waiting time and organised crowd control. The interviews were divided into several stations, which included 4 active stations (Motivation, Communication, Ethics and Critical Thinking) and 2 rest stations (where candidates listened to music). Each circuit involved 6 candidates and lasted for 42 minutes. Given the large number of candidates, 3 Examination Halls with 3 circuits each were used.

A meeting was also held with the Auxiliary Police Department, Facility Office and the Industrial Relations, Community, Alumni and Entrepreneurship Division (iCARE) to coordinate traffic control, food and beverages sales, and necessary facilities during the face-to-face interview days. A short briefing on the interview process was conducted online for academic and support staff, by Dr. Mohd Shahezwan Abd Wahab, Deputy Dean (Academic Affairs).

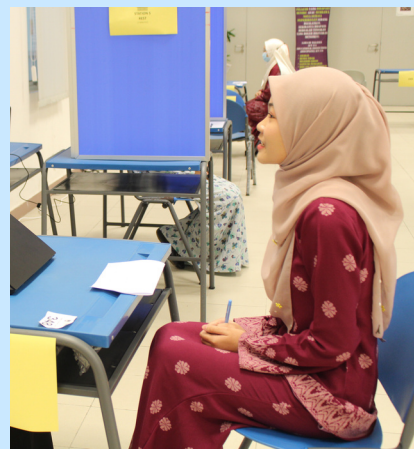

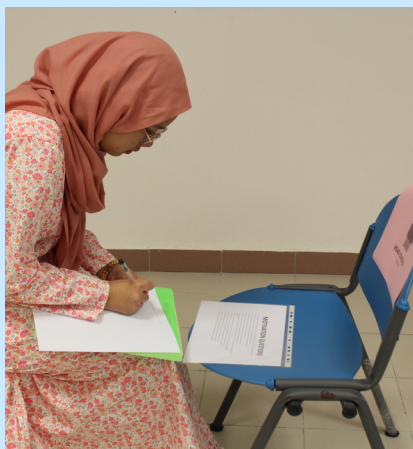

The online interview on June 8, 2023, took place at Computer Lab 1 and Computer Lab 2, FF2 Building involving 8 lecturers as interview panelists, 2 standby lecturers, and 2 support staff. Meanwhile, the interviews on June 10 to 11, 2023 involved nearly all faculty staff, including students from the Bachelor of Pharmacy program (RX19 to RX22).

On the day of the face-to-face interview, a briefing video on the interview process was presented at Lecture Hall 9, FF4 Building, before the candidates were taken to Student Activity Room 1, FF2 Building for document review. Subsequently, candidates were directed to their respective interview points as follows:

- Examination Hall 1, Level 2, Building FF2 (Circuit 1 – 3)
- Examination Hall 2, Level 3, Building FF2 (Circuit 4 – 6)
- Examination Hall 3, Level 4, Building FF2 (Circuit 7 – 9)

Despite the large number of candidates, the interview process was completed successfully due to the strong commitment and teamwork among the faculty members and assistance from other UiTM departments such as Auxiliary Police Department, Facility Office and the iCARE. The faculty wishes all interview candidates luck and success and extends its deep appreciation and gratitude to the faculty members and students who have helped to ensure the smooth running of the interview process.
