Grammar Voyage

WITH ELC030

Let's venture forth into this Grammar Voyage with ELC030! Through this personal report, I hope to share my progress, discoveries, and the joy of conducting grammar activities with students of ELC030. On Tuesday, June 13, I conducted an asynchronous activity, providing students with two sets of tasks. A Google Drive folder was created for students to submit their scores. The tasks were to be completed within class time, spanning from 2 p.m. to 4 p.m.

Using Upwords

On Wednesday, June 14, students enjoyed the board game "Upwords". To familiarise them with the game, the infographic titled "Build Your Word" was presented beforehand. I related it to the board games Scrabble and Sahibba to explain the goal. The purpose was to expand vocabulary through spelling and word-searching, which tied into yesterday's assignments. Students were paired up and given 15 minutes to play "Upwords" per round. They meticulously recorded every word they formed for scoring. After explaining the guidelines and sharing some 'pro tips,' we engaged in three sets, totaling 45 minutes. Scores were then compiled in the class Telegram with Pair 4 emerging as the winner with 47 words. It was a fun-filled learning session!
