Quizziz

On Tuesday, June 20, I presented on subject-verb agreement, a crucial grammar topic for week 12. I covered the basic rules and the additional seven rules. To assess their understanding, I designed a Quizizz quiz. Among the students, a few students achieved a score of 17 out of 20, but no one attained a perfect score. Following this, I facilitated exercises with five groups. Afterwards, I provided instructions on completing a Google Form. Their task involved constructing sentences based on provided themes, with a focus on subject-verb agreement. They were presented with a total of four themes—coffee bean, crocodile, fries, and wallet—to construct sentences from.

Reviewing Sentences

On Wednesday, June 21, we began the exercise by reviewing the students' sentences together. We debated the validity of their sentences, leading to a better understanding of subject-verb agreement by the end of the session. Their answers after the discussion, under the 'crocodile' theme are illustrated in pictures below:

The theme is 'crocodile'
