ACKNOWLEDGEMENT

I would like to thank Allah SWT for blessings that been bestowed upon and also for giving me strength and ability to complete the thesis successfully. First and foremost, I would like to extend my greatest gratitude to my family for their constant support and encouragement in completing in my study.

I am deeply in debt to Prof. Madya Hajah Rosdiana Haji Sukardi, for his patience, understanding, assistance and his constructive criticism in preparing dissertation. Thanks for giving such an advisor.

To all my lecturers at UiTM Bandaraya Melaka, they also give me something that I cannot easy forget forever. They always give me encourage and knowledge without request anything to me to make sure my success to contribute my race, religioNon and country soon

Not to forget to all the stuff of Sabah Ports Sdn. Bhd (SPSB) which also give me opportunity to get some knowledge and experience that never I faces before this either in or outside my University. They also assist me to help finished my thesis by five some perception and being respondents

To all my family and friends, thanks for being such great bunch. There are no others I would rather spend my time more than all of you.

ABSTRACTS
