

“THE USED OF INTRANET IN DISSEMINATING INFORMATION FROM TOP
MANAGEMENT TO ALL STAFF: THE CASE OF MIRI CITY COUNCIL (MCC)”

JOSEPHINE JAU
2008538123

BACHELOR OF ADMINISTRATIVE SCIENCE (HONOURS)
FACULTY OF ADMINISTRATIVE SCIENCE AND POLICY STUDIES
UNIVERSITI TEKNOLOGI MARA
SARAWAK

NOVEMBER 2010

ACKNOWLEDGEMENT

First and foremost, I would like to gratitude to God Almighty for the blessing in completing this research proposal. I thanked because all the strength, peace and freedom which enable me to complete this proposal within the given period.

I would like to express my gratitude to my family for their understanding and moral support. I also thank to Mr Tony Paridi and Dr Haijon Gunggut for their supervised and guidance. They have provided me with information and useful tips in order to complete this proposal successfully.

I also would like to extend my heartiest appreciation to the entire librarian of UiTM Kota Kinabalu Sabah for the assistance to me while searching for references. Lastly, I would like to thanks to all our classmates and individuals who have directly and indirectly contribute their efforts toward completions of this proposal.

Thank you very much.

TABLE OF CONTENTS

Title Page	14
Declaration of Original Work	
Letter of Submission	
Acknowledgement	iv
List of Tables	v
Abstract	vi

CHAPTER 1: Introduction

1.1 Introduction	1
1.2 Problem statement	2
1.3 Research objectives and questions	4
1.4 Scope of study	4
1.5 Significance of study	5
1.6 Definition of key terms	5

CHAPTER 2: Literature Review & Conceptual Framework

2.1 Literature review	7
2.2 Conceptual framework	10

CHAPTER 3: Research Method

3.1 Research design	11
3.2 Unit of analysis	12
3.3 Sample size	12
3.4 Sampling technique	12

LIST OF TABLE

3.5	Measurement/Instrumentation	13
3.6	Data collection	13
3.7	Data analysis	14

4) TABLE 4 Academic Qualification

5) TABLE 5 Job Stress

CHAPTER 4: Findings

4.1	Demographic of respondents	15
4.2	Finding by objectives	19
4.2.1	Level of Intranet Usage in DBKK	
4.2.2	Intranet Usage and the Effectiveness in Disseminating Information	
4.2.3	Problems of Intranet Usage amongst DBKK's Staff	

6) TABLE 10 Problems in Intranet Usage

CHAPTER 5: Conclusion & Recommendation

5.1	Conclusion & Discussion	22
5.2	Recommendation	23
5.2.1	Training	
5.2.2	Supportive top management and team members	
5.2.3	Provides sufficient and appropriate facilities to staffs	
5.2.4	Provide expertise and specialize in IT	
5.3	Limitation of the study	25

Abstract

E- Government was introduced for past decent years by Malaysia former Prime Minister Tun Dr Mohammad. The objective of the implementation of e-government is help to increase the productivity of our government servants especially in delivering their services to public. Introduction of intranet which is it will improve how the government operates internally. Thus this research will look how far the intranet have a correlation between the total usage of intranet and its effectiveness in disseminating the information for top management to all staffs which was conducted in Miri Sarawak called Miri City Council (MCC) by quantitative design to collecting data. Among the objectives that the researcher covered are (1) To study the usage of intranet towards MCC's effectiveness in disseminating information from top management to the staffs. (2) To know the relationship how frequent the usage of intranet with the effectiveness in disseminating the information.(3) To determine the main problems of the intranet usage amongst MCC's staff. Therefore, it is important for researcher to know how far the implementation e-government in stimulating their efficiency on intranet usage besides to accelerate the objectives of Vision 2020.
