ACKNOWLEDGEMENT

First and foremost, we would want to thank and honour the Almighty God for providing us the strength to complete this work with His favour. We wouldn't have come this far if it weren't for His blessing. Without our combined efforts and cooperation, which include those of Abdur Fattah Bin Abd Kadir and Muhammad Syukri Bin Awis Jalani, this assignment cannot be completed. We constantly put in a lot of effort to deliver a quality assignment while taking full responsibility for it.

As a result, we would like to thank our lecturer, Madam Norfazlina Binti Ghazali, for her guidance, without which our project could not have been completed in this manner. She always offered encouragement and advice on how to do our tasks in a way that would result in a successful project. She gave us a lot of motivation to work on this project. We appreciate her teaching us about this topic.

Last but not least, we want to thank Universiti Teknologi MARA (UiTM) Puncak Alam campus for allowing us to complete this writing report project. Finally, we would want to give special recognition to our family and friends for their encouragement and willingness to spend time with us while we worked on our assignment.

EXECUTIVE SUMMARY

Teega Crispy Brownies Palam is a premium cookies business that follows the current trend. The products offered by our business are for all groups of customers no matter young or old can try it. This product is also valuable for students in universities because the price is not too expensive and cheap. It is affordable even though it uses high quality flavour. Our business was established on 15 May 2023. The headquarters location is located at

Selangor. This location is strategic because it is near between a shopping centre and also a place to eat. Hence, the centre street is always busy with students making the choice whether to go to the shopping centre or the dining centre.

Last but not least, we advertise this product on Facebook, which is our social media platform. We use this platform since consumers frequently use it today to search for or buy things. We employed teasers, soft sells, and hard sells in three stages to draw clients to my Facebook business page. We first produced seven teasers to grab customers' attention and pique their curiosity. Next, I gave the consumer some advice and benefits, and finally, I employed a hard sell by presenting the product's image or graphic, price, and payment method, which are frequently used by other merchants.

Since our initial opening, we have gotten positive comments and answers from customers about the calibre of the products we provide. Our product has been effectively sold throughout the life of the company. It demonstrates that the goods we provide are of a high standard and will be the top cookie snacks in the Puncak Alam region.

Yang mana satu anda? Chocolate person atau unique person?

Apa tu chocolate person atau unique person?

Chocolate person tu, tak kira produk apa yang Teega keluarkan atau pelbagai perisa anda tetap pilih chocolate untuk di cuba, kalau unique person tu anda akan pilih perisa yang selalunya menjadi pilihan kedua atau anda kurang gemar akan chocolate.

Tak kisah anda yang mana satu, tapi yang penting Teega Crispy Brownies ni tetap akan menjadi pilihan si pemakannya. Bila digigit terasa kecairan setiap perisa 😊

6.0 CONCLUSION

Finally, Facebook is a fantastic platform for businesses to introduce and promote their products. All of the tools available on Facebook make it easier for businesses to promote their products and grow their businesses. People nowadays prefer to do some research before going to a place, so not only online businesses but also face-to-face businesses can attract customers from Facebook. On Facebook, they can obtain all necessary information and see positive feedback from other customers.

As for TEEGA CRISPY BROWNIES PALAM, Facebook helps our company grow and reach new customers. The platform we use is adequate, but we must improve our skills and knowledge of how to attract more customers. For example, we need to know what kind of image and caption to post to pique the interest of customers.

A platform and the ability to attract customers are critical for a business's growth. Because we will be unable to reach and capture the attention of the target market unless we have a platform and skills. The most important aspect is the product we sell; the company should sell a product that the customer requires and must have added value to distinguish itself from competitors.
