LOKA
/LəW.Ké/ /'LO:.Ke/

Loka is a word borrowed from Sanskrit लोक (loká) which means 'world'. Since olden days, the Malay language has derived and adopted many languages into its own and Sanskrit is believed to be the root of the language.

CONCEPT OF LOKA

Shadow puppet/ 'wayang kulit' has long existed in countries across the world. Each country possesses a background and styles of shadow puppets unique to themselves. Malaysia was one of said countries. However, our traditional shadow puppet is becoming extinct. Therefore, to bring it back, we modernised shadow puppet with bright colours and combine it with a paper-cut style.

E.Z-LEARNING PROJECT

by **ZAKIAH HANUM BINTI ZULKIFLI**

As a girl who was diagnosed with dyslexia at six, it scares me that out there, there are still a lot of children who had to face a journey that led to a series of sleepless nights, self-doubt, personal hatred, and tears. Hoping for a better education system and future for them, E.Z-Learning Project was proposed. It's a project proposed to support the Pelan Transformasi Pendidikan Khas organized by the Ministry of Education in collaboration with Persatuan Dyslexia Malaysia. This project carries my hope for a brighter future for children with a learning disability.

Everybody is a genius. But if you judge a fish by its ability to climb a tree, it will live its whole life believing that it is stupid. — Albert Einstein
