LOKA
/LəW.Ké/ /'LO:.Ke/

Loka' is a word borrowed from Sanskrit लोक (loká) which means 'world'. Since olden days, the Malay language has derived and adopted many languages into its own and Sanskrit is believed to be the root of the language.

CONCEPT OF LOKA

Shadow puppet/ 'wayang kulit' has long existed in countries across the world. Each country possesses a background and styles of shadow puppets unique to themselves. Malaysia was one of said countries. However, our traditional shadow puppet is becoming extinct. Therefore, to bring it back, we modernised shadow puppet with bright colours and combine it with a paper-cut style.

GRAPHIC MEDICINE : UTILISING COMIC FOR MENTAL HEALTH AWARENESS

by **ATIKAH NAJEEHA BINTI AZHARI**

I have stumbled upon 'graphic medicine', a term for the practice of explaining medical issues through arts during my study and has been deeply intrigued by the subject ever since. Inspired by that, as both an Illustrator and a Student, I attempt to combine both comic and research to raise mental health awareness amongst adolescents. Thus, this research 'Nightmares: Utilising comics to raise mental health awareness' is born.

'Nightmare' is a webtoon series that is set in a fantasy setting where mental illnesses are personified into monsters. The story follows a trainee psychiatrist, Laven, as he interacts with patients and learns about 'Nightmares' and deals with it.
